

## 5-10Mins Pressure Reduction Time Hyperbaric Chamber with $\geq 90\%$ Oxygen Concentration

Our Product Introduction

For products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS03
- Minimum Order Quantity: 1PC
- Price: \$3750
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Noise Level: Less Than 63 DB
- Properties: Rehabilitation Therapy Supplies
- Oxygen Concentration:  $\geq 90\%$ (can Be Set)
- Machine CTN Size: 127\*55\*105cm
- Working Pressure: 1.3-1.5ATA (can Be Set)
- Pressure Reduction Time: 5-10Mins
- Usage: Medical/Therapeutic
- Model: EMS03
- Highlight: 1.5ata hyperbaric oxygen chamber, 1.5ata oxygen hyperbaric chamber, medical hyperbaric oxygen chamber

## Product Description

### O2EMENG 5-10Mins Pressure Reduction Time Hyperbaric Chamber with ≥90% Oxygen Concentration

#### Product Description:

One of the key features of this portable hyperbaric chamber is its ability to deliver an oxygen concentration of at least 90%, which can be set according to the user's needs. This makes it an ideal choice for individuals who need a high level of oxygen therapy to improve their health and wellbeing.

In addition to its high oxygen concentration capabilities, this Hyperbaric Chamber is also designed to operate quietly, with a noise level of less than 63 decibels. This makes it suitable for use in a variety of settings, including at home or in a clinical environment.

The Hyperbaric Oxygen Chamber is also designed with user convenience and comfort in mind. Its machine CTN size of 127\*55\*105cm makes it easy to store and transport, while its lightweight and portable design means that it can be taken anywhere. Additionally, the chamber is designed with a comfortable and spacious interior that allows users to relax during their therapy sessions.

Overall, the Hyperbaric Oxygen Chamber is an excellent choice for individuals who are seeking to improve their health and wellness through hyperbaric oxygen therapy. With its high oxygen concentration capabilities, quiet operation, and user-friendly design, this portable hyperbaric chamber is a must-have for anyone who is looking to experience the benefits of hyperbaric oxygen therapy.

#### Applications:

Hyperbaric oxygen therapy is a medical treatment that enhances the body's natural healing process by inhaling pure oxygen in a pressurized chamber. This process increases the level of oxygen in the body's tissues, which promotes blood circulation and healing of damaged tissues. This therapy is known to be effective for a wide range of conditions including burns, wounds, infections and even cancer.

It is also antioxidant, anti-aging, increases skin elasticity, improves sagging and improves personal immunity. And it also prevents cardiovascular diseases, tumors, cancer and recovery from chemotherapy.

O2EMENG's hyperbaric chamber is suitable for a variety of occasions and scenarios. It can be used in hospitals, clinics and rehabilitation centers to treat patients who need hyperbaric oxygen therapy. It can also be used in sports centers to treat athletes who need to recover from injuries or improve their performance. In addition, the Portable Hyperbaric Chamber can be used in the home to treat patients who require continuous hyperbaric oxygen therapy.

The noise level of the machine is below 63 DB, making it very quiet and suitable for use in hospitals and homes. The chamber's operating pressure can be set between 1.3-1.5 ATA depending on the patient's condition and needs. The machine's CTN dimensions of 127\*55\*105cm make it easy to transport and store.

All in all, O2EMENG's EMS03 hyperbaric chamber is an excellent portable hyperbaric chamber designed for medical and therapeutic use. It is suitable for various occasions and scenarios and can effectively treat a wide range of medical conditions.

#### Why choose us?

##### 1. Advanced technology to ensure health and safety:

O2EMENG hyperbaric chambers are made of YKK zippers imported from Japan and medical grade TPU materials to ensure the safety, reliability and durability of the products. Equipped with dual-screen intelligent control system, it is easy to operate and ensures comfortable experience in the hyperbaric oxygen environment, providing comprehensive protection for your health.

##### 2. Personalized customization, show your personal style:

The appearance of the color can be customized, allowing you to choose according to your personal preferences or professional needs, showing your unique personality and taste. Whether for home use or professional medical environment, it can be perfectly integrated.

##### 3. Powerful hyperbaric oxygen therapy, comprehensive care for physical and mental health:

Equipped with 10L oxygen generator, ensuring stable oxygen concentration of over 90%. The working pressure is adjustable to meet the health needs of different individuals. Rapid pressure reduction time allows you to quickly enter a comfortable state of hyperbaric oxygen therapy, comprehensively caring for physical and mental health, bringing a new life experience. Choosing O2EMENG hyperbaric chamber is choosing the perfect combination of health, comfort and personalization.

#### Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal

condition and extend its lifespan. Our services include:

**1. Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.

# The Use of Hyperbaric Oxygen Chamber

Always prepare at home, say goodbye to sub-health

Family

Clubhouse

Beauty Salon

SPORT & RECOVERY

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

BEAUTY & ANTI-AGING

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

CLINICAL

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

HOME CARE

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.

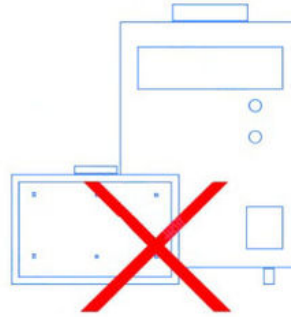

# INTEGRATION OF SUPERCHARGING AND OXYGENATION

Overtorn the complexity of traditional household
