

EMY06 Hyperbaric Chamber for Enhanced Recovery and Physiological Function

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

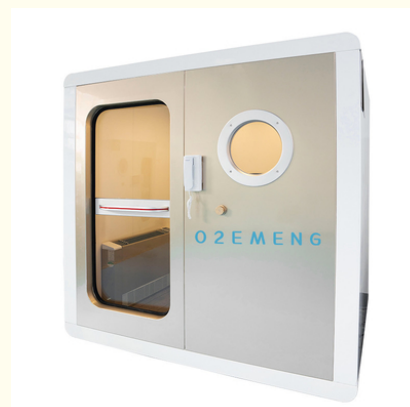

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMY06
- Minimum Order Quantity: 1PC
- Price: \$25000
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

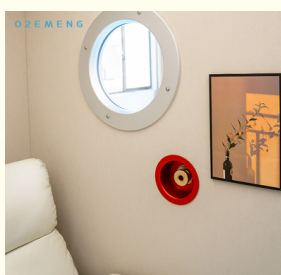

Product Specification

- Properties: Rehabilitation Therapy Supplies
- Usage: Medical/Therapeutic
- Function: Hyperbaric Oxygen Therapy
- Chamber Oxygen Concentration: 28% 32%
- Model: EMY06
- Rated Power: 1500W
- Cabin Weight: 1100KGS
- Noise Level: Less Than 63 DB
- Cabin Size: 200*170*190CM
- Highlight: 1500w hyperbaric oxygen chamber, 1500w oxygen hyperbaric chamber, medical hyperbaric oxygen chamber

Product Description

EMY06 Hyperbaric Chamber for Enhanced Recovery and Physiological Function

Product Description:

This hyperbaric chamber is a portable hyperbaric chamber, making it easy to transport and set up in different locations. Its portability makes it ideal for healthcare providers who need to provide treatment to patients in different locations, such as hospitals, clinics, and rehabilitation centers.

The Hyperbaric Oxygen Chamber's primary function is to deliver hyperbaric oxygen therapy to patients. During the treatment, the patient is placed inside the chamber, and the pressure inside the chamber is increased to 1.3 atmospheres. This increased pressure allows the body to absorb more oxygen, which can help increase the level of oxygen in the blood and promote healing.

The Hyperbaric Oxygen Chamber is designed to be quiet and comfortable for the patient. Its noise level is less than 63 DB, which is lower than the average noise level in a typical hospital room. The chamber also has a clear acrylic door, allowing the patient to see outside and giving a sense of openness and space while inside.

Overall, the Hyperbaric Oxygen Chamber is an effective and reliable portable hyperbaric chamber that provides patients with a safe and comfortable way to receive hyperbaric oxygen therapy. Its high-pressure environment and quiet operation make it an ideal choice for healthcare providers who want to offer this treatment to their patients.

Features:

Product Name: Hyperbaric Oxygen Chamber

Model: EMY06

Function: Hyperbaric Oxygen Therapy

Cabin Weight: 1100KGS

Chamber Oxygen Concentration: 28% 32%

Rated power: 1500W

Technical Parameters:

Chamber Oxygen Concentration	28% 32%
Rated power	1500W
Function	Hyperbaric Oxygen Therapy
Model	EMY06
Usage	Medical/Therapeutic
Properties	Rehabilitation Therapy Supplies
Cabin Weight	1100KGS
Noise Level	Less Than 63 DB
Cabin Size	200*170*190cm

Applications:

The EMY06 is a portable hyperbaric chamber that is perfect for medical and therapeutic use. Its compact design allows it to fit in most spaces, making it an ideal choice for hospitals, clinics, and even at home. The cabin weight of 1100KGS ensures maximum stability and safety during use.

The O2EMENG Hyperbaric Oxygen Chamber EMY06 has a rated power of 1500W, making it a powerful and efficient tool for rehabilitation therapy. It is perfect for individuals recovering from injuries, surgeries, or illnesses that affect their respiratory system. The chamber's high oxygen concentration helps to speed up the healing process by increasing the amount of oxygen in the body.

The O2EMENG Hyperbaric Oxygen Chamber EMY06 can also be used by athletes who want to improve their performance and speed up their recovery time. The chamber's portable design allows athletes to bring it with them to competitions or training sessions, ensuring that they have access to high-quality oxygen therapy whenever they need it.

Overall, the O2EMENG Hyperbaric Oxygen Chamber EMY06 is a versatile and powerful rehabilitation therapy supply that is perfect for a wide range of occasions and scenarios. Whether you are a medical professional, an athlete, or an individual who wants to improve their health and well-being, this hyperbaric chamber is an excellent choice.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure its optimal performance and longevity. Our team of experts is available to assist you with any questions or issues you may encounter during the installation, operation, or maintenance of the chamber.

Our technical support services include:

24/7 customer support

Remote troubleshooting and repair

Regular maintenance and calibration

Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

Lifetime maintenance: provide perfect professional after-sales service guarantee
