

Therapeutic Hyperbaric Pressure Chamber for Medical Treatment in 210*165*210CM Cabin

Our Product Introduction

For more products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMY02
- Minimum Order Quantity: 1PC
- Price: \$20699
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

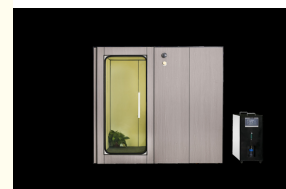

Product Specification

- Function: Hyperbaric Oxygen Therapy
- Noise Level: Less Than 63 DB
- Cabin Weight: 900KGS
- Rated Power: 1500W
- Properties: Rehabilitation Therapy Supplies
- Chamber Oxygen Concentration: 28% 32%
- Model: EMY02
- Usage: Medical/Therapeutic
- Highlight: therapeutic hyperbaric pressure chamber, therapeutic high pressure hyperbaric chamber, medical hyperbaric pressure chamber

Product Description

----O2EMENG Hyperbaric Medicine----

Product Description

Our Hyperbaric Oxygen Chamber is a pressurized oxygen chamber that offers a wide range of benefits for those seeking a natural and non-invasive way to improve their health and well-being. With a cabin size of 210*165*210CM, this chamber is spacious enough to accommodate most patients comfortably.

This oxygen therapy chamber is designed to provide a range of rehabilitation therapy supplies that will aid in your recovery. The Hyperbaric pressure chamber is built with precision to ensure that the pressure is maintained throughout the therapy session. The chamber is designed to provide therapy at a pressure level that is up to three times higher than atmospheric pressure, which helps increase the oxygen level in the body. This increased oxygen level helps to promote healing and improve overall health.

This pressurized oxygen chamber is designed with your comfort in mind. The noise level is less than 63 DB, which means that you can relax and enjoy your therapy session without any disturbance. The cabin is also spacious enough to accommodate a comfortable seating arrangement, so you can sit back and relax while undergoing therapy.

This pressurized oxygen chamber is designed with your comfort in mind. The noise level is less than 63 DB, which means that you can relax and enjoy your therapy session without any disturbance. The cabin is also spacious enough to accommodate a comfortable seating arrangement, so you can sit back and relax while undergoing therapy.

Our Hyperbaric Oxygen Chamber is suitable for both medical and therapeutic purposes. This chamber is perfect for those who want to improve their overall health and well-being. It is an effective way to treat a range of conditions, including chronic pain, fatigue, insomnia, and much more.

What Is Hyperbaric Oxygen Therapy (HBOT)?

Hyperbaric Oxygen Chamber Therapy (HBOT) is a non-invasive medical treatment that increases the body's oxygen levels. Known medically as Hyperbaric Oxygen Therapy (HBOT), it treats carbon monoxide poisoning, decompression sickness, and slow-healing wounds.

Hyperbaric oxygen therapy involves sitting in a hyperbaric chamber (an enclosed space filled with pressurized oxygen) and breathing. This allows the lungs to take in more oxygen, which increases the amount of oxygen circulating in the blood.

For what applications and scenarios

Sports Performance: Athletes can use the Hyperbaric pressure chamber to improve their performance, speed up recovery, and reduce the risk of injury.

Anti-Aging: Oxygen therapy has been proven to have anti-aging effects, and the O2EMENG chamber is an excellent way to achieve these benefits.

Chronic Illness: The Hyperbaric Oxygen Chamber can be used to treat a wide range of chronic illnesses, including

autoimmune disorders, neurological conditions, and more.

Wound Healing: Oxygen therapy has been shown to promote wound healing, making the O2EMENG chamber an excellent choice for those recovering from surgery or injury.

Wellness: Even if you are in good health, the Hyperbaric Oxygen Chamber can help you feel even better. Oxygen therapy is a natural way to improve your overall well-being and boost your immune system.

Hyperbaric oxygen chamber can improve the following symptoms:

1. asthma, bronchitis, pneumonia, acute carbon monoxide poisoning, post-stroke, cerebral hemorrhage, arteriosclerosis, diabetes, heart disease.
2. treatment of Alzheimer's disease, stroke, muscle paralysis, neurological disorders, autism, schizophrenia, headache and migraine.
3. Cure insomnia, improve poor blood circulation and prevent Alzheimer's disease.
4. Has therapeutic effect on diabetic retinitis and keratitis.
5. Promote swelling resorption stimulation, cell regeneration after micro-integrated surgery, and muscle and bone wound healing.
6. Treatment of traumatic infections, acute soft tissue injuries, ulcers, burns, wounds and fractures.
7. Acne, herpes simplex, herpes zoster, cicatricial alopecia, dermatologic treatment, etc.
8. It has auxiliary therapeutic effect on infertility, and has obvious auxiliary therapeutic effect on postpartum recovery and postpartum rejuvenation.
9. It has obvious effect on the rehabilitation treatment for children with congenital cranial nerve defect and congenital cerebral dysplasia.
10. Accelerates skin cell repair and regeneration, improves skin cell activity, promotes lipolytic enzyme activity and reduces body weight.

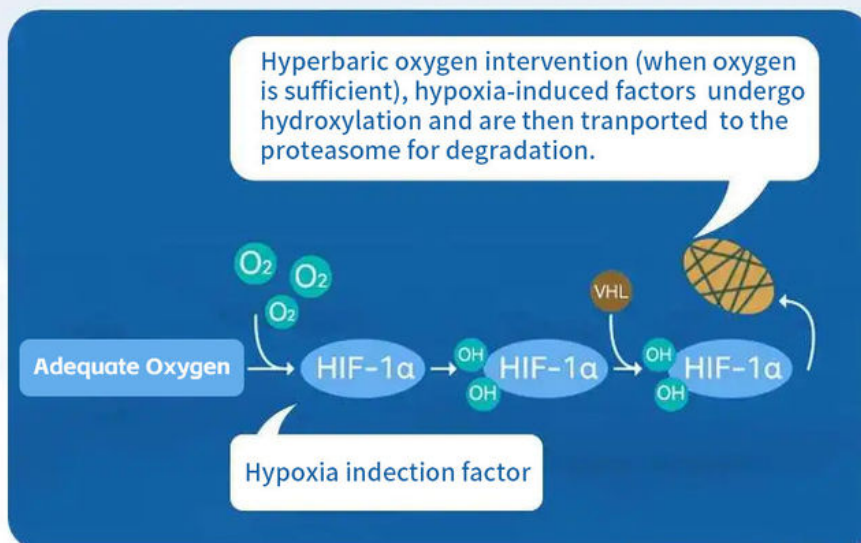

QC DEPARTMENT

Including incoming inspection, semi-finished products inspection, finished products inspection, and pre-delivery inspection, your satisfaction will be O2 EMENG honor.

POSITIVE EFFECTS OF HYPERBARIC OXYGEN THERAPY ON THE HUMAN BODY

It can increase the oxygen concentration by increasing the ambient air pressure, thus improving the efficiency of the body's utilization of oxygen.

Literature sources: Biddlestone J, Bandarra D, Rocha S. The role of hypoxia in inflammatory diseases (review) [J] Int J Mol Med, 2015, 35(4):p.859-69.

The above knowledge science for consumers to learn reference, does not represent the efficacy of the product, the actual effect varies from person to person.

PROFESSIONAL REGISTRATION DEPARTMENT

O2 EMENG have a special professional registration department, which is in charge of domestic registration and overseas registration. We can help our current and potential customers to do the registration work. We have a good relationship with domestic famous institutions who can provide us with authoritative medical analysis and authorization reports. Quality and service are always top concerns in Olive. We provide a full set of services, including data and samples, which are available on request.
