

## Therapeutic Oxygen Hyperbaric Chamber 1.3ata Adjustable For Medical Treatment

Our Product Introduction

For more products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMY02
- Minimum Order Quantity: 1PC
- Price: \$20699
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Noise Level: Less Than 63 DB
- Function: Hyperbaric Oxygen Therapy
- Properties: Rehabilitation Therapy Supplies
- Model: EMY02
- Chamber Oxygen Concentration: 28% 32%
- Cabin Weight: 900KGS
- Cabin Size: 210\*165\*210CM
- Rated Power: 1500W
- Highlight: **Therapeutic Oxygen Hyperbaric Chamber, Oxygen Hyperbaric Chamber 1.3ata**

## Product Description

**O2EMENG Therapeutic Hyperbaric Chamber of Oxygen 1.3ata adjustable, for Medical Treatment Cabin Size 210\*165\*210CM**

### Product Description:

The Hyperbaric Oxygen Chamber is designed to provide a comfortable and convenient experience for the patients. The cabin size of the chamber is 210\*165\*210CM, which is spacious enough to accommodate the patient and the therapist. The chamber is made of high-quality material that ensures durability and reliability. The chamber is also equipped with a comfortable mattress that provides an excellent experience for the patients during the treatment.

The Hyperbaric Oxygen Chamber functions on the principle of Hyperbaric Oxygen Therapy (HBOT). This therapy involves the use of a Hyperbaric pressure chamber to deliver oxygen at a higher concentration to the patient's body. The chamber is pressurized to a level higher than the atmospheric pressure, which allows the patient to inhale oxygen at a higher concentration. The chamber oxygen concentration is 28% 32%, which is ideal for patients who require HBOT.

The Hyperbaric Oxygen Chamber is an effective solution for a wide range of medical conditions. It is used to treat conditions such as decompression sickness, carbon monoxide poisoning, diabetic wounds, and other conditions that require increased oxygen supply. The chamber is also used for therapeutic purposes such as sports injury recovery, anti-aging, and wellness. The Hyperbaric Oxygen Chamber is a versatile product that offers multiple benefits for patients.

The EMY02 Hyperbaric Oxygen Chamber is a high-quality product that meets all the safety standards. The chamber is equipped with safety features such as an emergency release valve, pressure relief valve, and an oxygen monitor. These features ensure that the patients are safe during the treatment.

In summary, the EMY02 Hyperbaric Oxygen Chamber is an advanced product that offers an effective solution for patients who require Hyperbaric Oxygen Therapy. The chamber is spacious, comfortable, and equipped with advanced features that ensure the safety of the patients. The Hyperbaric Oxygen Chamber is an ideal solution for medical and therapeutic purposes, and it is a versatile product that offers multiple benefits for patients. Whether you are looking for a HBOT chamber, Hyperbaric pressure chamber, or Hyperbaric oxygen treatment chamber, the EMY02 Hyperbaric Oxygen Chamber is an excellent choice that provides exceptional results.

### Features:

**Product Name:** Hyperbaric Oxygen Chamber

**Model:** EMY02

**Function:** Hyperbaric Oxygen Therapy

**Rated power:** 1500W

**Cabin Weight:** 900KGS

**Chamber Oxygen Concentration:** 28% 32%

**Keywords:** HBOT chamber, Decompression chamber for oxygen therapy, Hyperbaric pressure chamber

### Technical Parameters:

Model	EMY02
Function	Hyperbaric Oxygen Therapy
Properties	Rehabilitation Therapy Supplies
Cabin Weight	900KGS
Noise Level	Less Than 63 DB
Usage	Medical/Therapeutic
Cabin Size	210*165*210CM
Rated Power	1500W
Chamber Oxygen Concentration	28% 32%

### Applications:

Hyperbaric Oxygen Therapy (HBOT) is a well-known treatment for various medical conditions. The EMY02 model is specifically designed to provide a comfortable and effective therapy experience. It is a compression chamber for hyperbaric oxygen therapy that can safely and effectively deliver 100% pure oxygen to patients.

The O2EMENG EMY02 Hyperbaric Oxygen Chamber is suitable for a wide range of medical conditions, including but not limited to:

Non-healing wounds and ulcers

Burn injuries

Carbon monoxide poisoning  
Crush injuries and compartment syndrome  
Decompression sickness  
Gas gangrene  
Infections  
Multiple sclerosis  
Stroke  
Autism  
And many more

The O2EMENG EMY02 Hyperbaric Oxygen Chamber is a high-quality medical device with a Cabin Weight of 900KGS and a Cabin size of 210\*165\*210CM. It is designed to be user-friendly, with easy-to-use controls, and has a noise level of less than 63 DB, ensuring a comfortable and quiet therapy experience.

Overall, the O2EMENG EMY02 Hyperbaric Oxygen Chamber is a top choice for anyone in need of hyperbaric oxygen therapy. Whether you are a patient or a healthcare professional, this HBOT chamber is sure to exceed your expectations in terms of quality, functionality, and ease of use.

## Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal

condition and extend its lifespan. Our services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.

## Why choose this hyperbaric chamber?

### 1. Remarkable therapeutic effect:

**For hypoxic diseases:** Hyperbaric oxygen chamber can significantly increase the oxygen content in the blood by providing a high concentration of oxygen environment, thus effectively improving a series of symptoms caused by ischemia and hypoxia. For patients with carbon monoxide poisoning, arteriosclerosis, cerebral hemorrhage, decompression sickness, etc., hyperbaric oxygen therapy can rapidly replace carbon monoxide in the body, restore the oxygen-carrying capacity of hemoglobin, or accelerate the dissolution of nitrogen bubbles in the body, relieving the symptoms of pain and damage to the nervous system.

**Promotion of rehabilitation:** Hyperbaric oxygen chambers are able to accelerate the trauma repair and rehabilitation process during treatment. For example, for patients with cerebrovascular diseases, hyperbaric oxygen helps to improve blood supply to the brain and promote the recovery of neurological functions; for chronic wounds that do not heal, such as diabetic foot and bedsores, hyperbaric oxygen can promote blood circulation and accelerate wound healing. These effects are reflected in several cases, proving the important role of hyperbaric oxygen chamber in rehabilitation treatment.

### 2.Wide range of application:

The scope of application of hyperbaric oxygen chamber is very wide, covering almost all the diseases related to hypoxia and ischemia. From acute carbon monoxide poisoning, drowning, etc., to chronic cerebrovascular disease, arteriosclerosis, etc., hyperbaric oxygen therapy can play its unique role. In addition, hyperbaric oxygen chamber is also suitable for the treatment of patients with decompression sickness, craniocerebral injury, postoperative brain tumor, etc., which can effectively improve the prognosis and quality of life of patients.

## The Use of Hyperbaric Oxygen Chamber

Always prepare at home, say goodbye to sub-health

Family

Clubhouse

Beauty Salon

## SPORT & RECOVERY

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

## BEAUTY & ANTI-AGING

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

## CLINICAL

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

## HOME CARE

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.
