

## Noiseless Hyperbaric Oxygen Chamber EMS05 for Rehabilitation

Our Product Introduction

For products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS05
- Minimum Order Quantity: 1PC
- Price: \$5150
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Properties: Rehabilitation Therapy Supplies
- Model: EMS05
- Pressure Reduction Time: 5-10 Mins
- Machine CTN Size: 127\*55\*105cm
- Function: Hyperbaric Oxygen Therapy
- Usage: Medical/Therapeutic
- Noise Level: Less Than 63 DB
- Oxygen Concentration:  $\geq 90\%$ (can Be Set)
- Highlight: medical hyperbaric oxygen chamber, medical oxygen hyperbaric chamber, therapeutic hyperbaric oxygen chamber

## Product Description

### Noiseless Hyperbaric Oxygen Chamber EMS05 for Rehabilitation

#### Product Description:

The Hyperbaric Oxygen Chamber is built to last, with a sturdy and durable construction that can withstand constant use. It is also designed to be easy to use, with intuitive controls that allow for quick and hassle-free pressure adjustments. The pressure reduction time for this chamber is only 5-10 minutes, which means that users can start their hyperbaric oxygen treatment quickly and efficiently.

One of the standout features of this chamber is its total weight of 83kgs. This makes it easy to move and transport, making it ideal for use in medical facilities or even for personal use at home. Despite its lightweight design, the Hyperbaric Oxygen Chamber is still able to provide the high-pressure oxygen therapy that is needed for effective hyperbaric oxygen treatment.

Another key feature of this chamber is its low noise level. With a noise level of less than 63 DB, users can rest assured that they will be able to undergo their hyperbaric oxygen treatment in a peaceful and quiet environment. This is especially important for individuals who are undergoing treatment for anxiety-related disorders or for those who simply prefer a quieter environment.

In summary, the Hyperbaric Oxygen Chamber is a top-of-the-line product that is perfect for individuals who need rehabilitation therapy supplies for medical or therapeutic purposes. Its high-pressure oxygen therapy capabilities make it ideal for hyperbaric oxygen treatment, while its lightweight and easy-to-use design make it perfect for use in a variety of settings. With a pressure reduction time of only 5-10 minutes and a low noise level of less than 63 DB, the Hyperbaric Oxygen Chamber is the ultimate solution for anyone in need of this type of treatment.

#### Features:

Product Name: Hyperbaric Oxygen Chamber

Properties: Rehabilitation Therapy Supplies

Machine CTN size: 127\*55\*105cm

Function: Hyperbaric Oxygen Therapy

Pressure reduction time: 5-10 Mins

Model: EMS05

#### Technical Parameters:

Pressure reduction time	5-10 Mins
Usage	Medical/Therapeutic
Oxygen concentration	≥90%(can Be Set)
Noise Level	Less Than 63 DB
Model	EMS05
Properties	Rehabilitation Therapy Supplies
Working pressure	1.3ATA
Total Weight	83kgs
Machine CTN size	127*55*105cm
Function	Hyperbaric Oxygen Therapy

This is a compression chamber for hyperbaric oxygen therapy, also known as a decompression chamber for oxygen therapy. It is a hyperbaric oxygen therapy unit.

#### Applications:

**1. Medical Treatment:** The O2EMENG high-pressure oxygen chamber is often used in hospitals, clinics, and rehabilitation centers for various medical treatments. It is particularly effective for treating conditions such as carbon monoxide poisoning, decompression sickness, and severe anemia. The hyperbaric pressure chamber can also be used to speed up the healing process for wounds, burns, and skin grafts.

**2. Sports Recovery:** Many athletes and sports enthusiasts use the O2EMENG HBOT chamber to speed up their post-workout recovery process. The high-pressure oxygen environment helps to reduce inflammation, promote tissue regeneration, and improve overall circulation. This makes it an ideal choice for athletes who want to stay in top shape and recover faster after intense training sessions.

**3. Anti-Aging:** The O2EMENG hyperbaric pressure chamber is also effective for anti-aging purposes. The high-pressure oxygen

environment helps to stimulate collagen production, reduce fine lines and wrinkles, and improve skin elasticity. This makes it an ideal choice for anyone who wants to look and feel younger.

**4. Mental Health:** The O2EMENG high-pressure oxygen chamber can also be used for mental health purposes. The increased oxygen levels in the body can help to reduce stress and anxiety, improve cognitive function, and promote overall mental well-being. This makes it an ideal choice for anyone who wants to improve their mental health and well-being.

With its advanced features such as adjustable oxygen concentration ( $\geq 90\%$ ), the O2EMENG EMS05 model is a highly versatile rehabilitation therapy supply. The machine CTN size of 127\*55\*105cm makes it easy to transport and set up in various locations. Whether you're looking for a medical treatment option, a sports recovery solution, an anti-aging therapy, or a mental health booster, the O2EMENG high-pressure oxygen chamber is the perfect choice for you.

## Support and Services:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

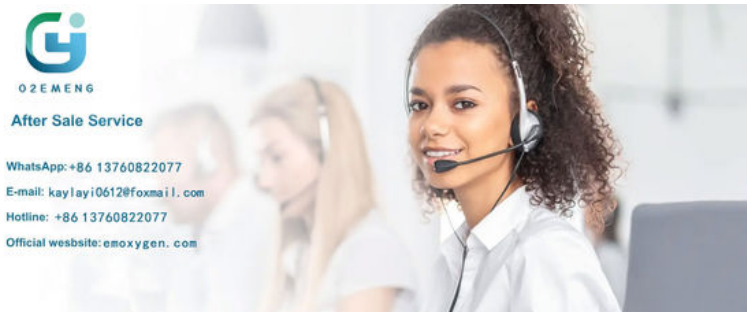

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

Our Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure optimal performance and customer satisfaction. Our team of experienced technicians and engineers are available to assist with installation, maintenance, and troubleshooting of the product.

In addition, we offer training sessions for customers to learn how to properly operate and maintain the Hyperbaric Oxygen Chamber. This includes training on safety protocols and best practices for usage.

Our technical support and services also include regular maintenance and repair services to keep the product functioning at its best. We offer both on-site and remote support options to better serve our customers.

If you have any questions or concerns about our technical support and services for the Hyperbaric Oxygen Chamber, please do not hesitate to contact us.

## ABOUT O<sub>2</sub> EMENG

### QC DEPARTMENT

Including incoming inspection, semi-finished products inspection, finished product inspection, and pre-delivery inspection, your satisfaction will be O<sub>2</sub> EMENG honor.
