

Therapeutic Oxygen therapy chamber EMS05 for Improved Health and Sports Recovery

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS05
- Minimum Order Quantity: 1PC
- Price: \$5150
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Machine CTN Size: 127*55*105cm
- Noise Level: Less Than 63 DB
- Pressure Reduction Time: 5-10 Mins
- Model: EMS05
- Usage: Medical/Therapeutic
- Properties: Rehabilitation Therapy Supplies
- Total Weight: 83kgs
- Function: Hyperbaric Oxygen Therapy
- Highlight: therapeutic hyperbaric oxygen chamber, therapeutic oxygen hyperbaric chamber, medical hyperbaric oxygen chamber

Product Description

O2EMENG Therapeutic Oxygen therapy chamber EMS05 for Improved Health and Sports Recovery

Product Description:

The Hyperbaric Oxygen Chamber is designed to provide users with a range of health benefits. Hyperbaric oxygen therapy involves breathing pure oxygen in a Hyperbaric pressure chamber, which allows for higher atmospheric pressure. This increase in pressure helps to improve oxygen saturation in the blood, which can help to improve circulation and promote healing. The Hyperbaric Oxygen Chamber is perfect for those suffering from a range of conditions, including burns, wounds, and other injuries.

Our Hyperbaric Oxygen Chamber is designed with user safety in mind. The machine is constructed with high-quality materials and features a range of safety features to ensure user safety. The Hyperbaric Oxygen Chamber is also easy to use, making it the perfect choice for those in need of medical/therapeutic supplies.

The machine CTN size of our Hyperbaric Oxygen Chamber is 127*55*105cm, making it a compact and efficient solution for those in need of hyperbaric oxygen therapy. The working pressure of the chamber is 1.3ATA, providing users with a safe and effective way to receive the benefits of hyperbaric pressure chamber treatment.

In summary, our Hyperbaric Oxygen Chamber is the perfect solution for those in need of rehabilitation therapy supplies. Our High-pressure oxygen chamber is designed to provide users with a range of health benefits, including improved circulation and healing. Our model, EMS05, is a state-of-the-art Compression chamber for hyperbaric oxygen therapy, designed with user safety in mind. With a machine CTN size of 127*55*105cm and a working pressure of 1.3ATA, our Hyperbaric Oxygen Chamber is the ideal choice for those in need of medical/therapeutic supplies.

Features:

Product Name: Hyperbaric Oxygen Chamber

Function: Hyperbaric Oxygen Therapy

Oxygen concentration: ≥90%(can Be Set)

Working pressure: 1.3ATA

Machine CTN size: 127*55*105cm

Properties: Rehabilitation Therapy Supplies

Other keywords: Oxygen therapy chamber, Hyperbaric chamber of oxygen, Hyperbaric oxygen therapy unit

Technical Parameters:

Model	EMS05
Function	Hyperbaric Oxygen Therapy
Oxygen concentration	≥90%(can Be Set)
Noise Level	Less Than 63 DB
Pressure reduction time	5-10 Mins
Total Weight	83kgs
Working pressure	1.3ATA
Usage	Medical/Therapeutic
Properties	Rehabilitation Therapy Supplies
Machine CTN size	127*55*105cm

Applications:

The O2EMENG EMS05 Hyperbaric Oxygen Chamber is a highly functional and efficient product that uses hyperbaric pressure to deliver oxygen to the body's tissues. This process is known as hyperbaric oxygen therapy, which has been proven to be effective in treating a wide range of medical conditions. It is designed to provide a comfortable and safe environment for patients to receive treatment.

This Hyperbaric pressure chamber is made of high-quality materials and is built to last. It has a working pressure of 1.3ATA, making it suitable for a wide range of medical conditions. The machine CTN size is 127*55*105cm, which makes it easy to transport and store when not in use.

The O2EMENG EMS05 Hyperbaric Oxygen Chamber is perfect for use in a variety of medical settings, including hospitals, clinics, and rehabilitation centers. It can be used to treat a wide range of medical conditions, including neurological disorders, wound healing, and

respiratory problems.

Some specific product application occasions and scenarios for the Hyperbaric Oxygen Chamber include:

Neurological Disorders: The O2EMENG EMS05 Hyperbaric Oxygen Chamber can be used to treat a variety of neurological disorders, including stroke, traumatic brain injury, and cerebral palsy. The hyperbaric chamber of oxygen helps to increase blood flow and oxygen delivery to the brain, which can improve cognitive function and reduce the risk of complications.

Wound Healing: The O2EMENG EMS05 Hyperbaric Oxygen Chamber can be used to treat wounds caused by a variety of medical conditions, including diabetes, radiation therapy, and infections. The hyperbaric pressure chamber helps to increase blood flow and oxygen delivery to the affected area, which can speed up the healing process.

Respiratory Problems: The O2EMENG EMS05 Hyperbaric Oxygen Chamber can be used to treat a variety of respiratory problems, including asthma, COPD, and emphysema. The hyperbaric chamber of oxygen helps to increase oxygen delivery to the lungs, which can improve breathing function and reduce the risk of complications.

In conclusion, the O2EMENG EMS05 Hyperbaric Oxygen Chamber is a highly functional and efficient product that is perfect for medical/therapeutic usage. Its hyperbaric pressure chamber delivers oxygen to the body's tissues, making it a popular choice for rehabilitation therapy supplies. It is suitable for a wide range of medical conditions and can be used in a variety of medical settings.

Support and Services:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

Our Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure optimal performance and customer satisfaction. Our team of experienced technicians and engineers are available to assist with installation, maintenance, and troubleshooting of the product.

In addition, we offer training sessions for customers to learn how to properly operate and maintain the Hyperbaric Oxygen Chamber. This includes training on safety protocols and best practices for usage.

Our technical support and services also include regular maintenance and repair services to keep the product functioning at its best. We offer both on-site and remote support options to better serve our customers.

If you have any questions or concerns about our technical support and services for the Hyperbaric Oxygen Chamber, please do not hesitate to contact us.

SHIPPING & PAYMENT

YILONG

HANGZHOU YILONG MEDICAL EQUIPMENT CO.,LTD

Product	Package	Mode of Transportation	Efficiency of Transportation	Destination
