

EMS04 Hyperbaric Oxygen Chamber Low Noise 52kgs Weight for clinic hospital

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS04
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Total Weight: 52kgs
- Noise Level: Less Than 63 DB
- Function: Hyperbaric Oxygen Therapy
- Model: EMS04
- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Pressure Reduction Time: 15mins
- Machine CTN Size: 52*34*65cm
- Properties: Rehabilitation Therapy Supplies
- Highlight: **Hospital Hyperbaric Oxygen Chamber, Hyperbaric Oxygen Chamber Low Noise**

Product Description

O2EMENG EMS04 Rehabilitation Hyperbaric Oxygen Chamber with Low Noise and 52kgs Weight

Product Description:

With an oxygen concentration of at least 90%, which can be set according to your requirements, this hyperbaric chamber of oxygen delivers a highly effective treatment that can help improve circulation, reduce inflammation, and promote healing. The Hyperbaric Oxygen Chamber is also designed to operate with minimal noise, with a noise level of less than 63 DB, ensuring that patients can relax and receive treatment in peace.

The Hyperbaric Oxygen Chamber is specifically designed for rehabilitation therapy supplies, making it an ideal choice for clinics, hospitals, and rehabilitation centers. The Model EMS04 is a top-of-the-line hyperbaric pressure chamber that is easy to use and maintain, with a pressure reduction time of only 15 minutes. This means that patients can begin treatment quickly and easily, without having to wait for extended periods of time for the chamber to reach the correct pressure.

Overall, the Hyperbaric Oxygen Chamber is a highly effective and reliable solution for hyperbaric oxygen therapy. Whether you're looking to provide treatment for patients with chronic conditions, or you're simply looking to expand your rehabilitation therapy offerings, the Hyperbaric Oxygen Chamber is an excellent choice. So why wait? Invest in the Hyperbaric Oxygen Chamber today and start providing your patients with the highest quality hyperbaric oxygen treatment available.

Features:

Product Name: Hyperbaric Oxygen Chamber

Oxygen concentration: ≥90%(can Be Set)

Machine CTN size: 52*34*65cm

Function: Hyperbaric Oxygen Therapy

Noise Level: Less Than 63 DB

Total Weight: 52kgs

Features of the HBOT chamber:

Provides oxygen therapy

Compression chamber for hyperbaric oxygen therapy

Technical Parameters:

Product Name	Decompression Chamber for Oxygen Therapy
Model	EMS04
Function	Hyperbaric Oxygen Therapy
Properties	Rehabilitation Therapy Supplies
Noise Level	Less Than 63 DB
Machine CTN Size	52*34*65cm
Oxygen Concentration	≥90% (Can Be Set)
Usage	Medical/Therapeutic
Total Weight	52kgs
Pressure Reduction Time	15mins
Working Pressure	1.3ATA

Applications:

This hyperbaric pressure chamber is suitable for a variety of occasions and scenarios, including:

Sports medicine: Athletes may use the hyperbaric oxygen chamber to recover from injuries or improve their endurance.

Wound healing: Hyperbaric oxygen therapy can help speed up the healing process for wounds, including diabetic ulcers and burns.

Anti-aging: The increased oxygen levels in the body can help improve skin health and reduce the signs of aging.

Neurological conditions: Hyperbaric oxygen therapy may benefit individuals with conditions such as stroke, traumatic brain injury, and multiple sclerosis.

Cancer treatment: Some cancer patients may use hyperbaric oxygen therapy to reduce the side effects of radiation therapy.

Diving accidents: Divers who suffer from decompression sickness may benefit from hyperbaric oxygen therapy.

The O2EMENG EMS04 Hyperbaric Oxygen Chamber has a working pressure of 1.3ATA, which allows for a safe and effective

hyperbaric oxygen therapy session. Whether it's for medical or wellness purposes, this hyperbaric pressure chamber can provide a range of benefits.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

- Automatic disinfection and deodorization system.
- Built-in double massage chair.
- Inter and external system for two-way communications and control.
- Automatic air pressure control system,
- 4 large transparent viewing windows to prevent claustrophobia.
- Delivers 93% oxygen under pressure via an oxygen headset/facial mask.
- USB charging; warm white light; Scrub and disinfect upholstery.
- Ultra-quiet constant pressure valve.
- Air compressor oxygen concentrator cooler all in one

All In One(AIO)

APPLICATION OF HYPERBARIC OXYGEN THERAPY

Beauty & wellness:

HBOT helps rejuvenate your skin. During a hyperbaric oxygen therapy session inside a pressurized chamber, the body receives pure oxygen at higher atmospheric pressure to boost the flow of oxygen into the circulatory systems.

Sports:

HBOT for professional sports has become one of the most effective methods for athlete recovery. Supplementing oxygen intake at higher atmospheric pressure inside a hyperbaric chamber is known to naturally accelerate healing times to treat sports injuries and allow injured athletes to recover faster and reduce the risk of re-injury.

Wounds and burns:

Healing Wounds need oxygen to heal naturally and hyperbaric oxygen therapy has been successfully used as complementary therapy for wound healing. Used as complementary treatment, Hyperbaric Oxygen Therapy can help decrease mortality and reduce the need for surgery for mild to severely burned patients.

Anti-aging:

Hyperbaric Oxygen Therapy for Elderly Patients Inside the hyperbaric chamber, a patient will absorb oxygen close to four times the normal breathing conditions. Oxygen controls most of the body's processes, including the immune system. Lack of oxygen can lead to a vulnerable immune response, increased fatigue and eventually hypoxia.

Product	Package	Mode of Transportation	Efficiency of Transportation	Destination
			5-7 Days	DDU: Personal/corporate delivery address
			20-30 Days	FOB: Shanghai / Ningbo / Shengzhen CAF: deatination port DDU: delivery adress

Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.
