

## Hyperbaric pressure chamber for Hyperbaric Oxygen Therapy Less Than 63 DB Noise Level

Our Product Introduction

For products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS01
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

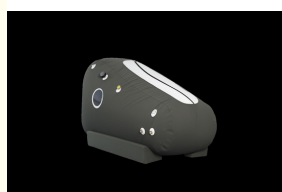

### Product Specification

- Noise Level: Less Than 63 DB
- Pressure Reduction Time: 15mins
- Oxygen Concentration:  $\geq 90\%$ (can Be Set)
- Machine CTN Size: 52\*34\*65cm
- Working Pressure: 1.3ATA
- Properties: Rehabilitation Therapy Supplies
- Total Weight: 52kgs
- Usage: Medical/Therapeutic
- Highlight: 52kgs hyperbaric oxygen therapy , 1.3ata hyperbaric oxygen therapy , 52kgs hyperbaric pressure chamber

## Product Description

### O2EMENG Hyperbaric pressure chamber for Hyperbaric Oxygen Therapy Less Than 63 DB Noise Level

#### Product Description:

The Hyperbaric Oxygen Chamber is manufactured with the highest quality materials to ensure durability, reliability, and safety. It is designed to have a CTN size of 52\*34\*65cm, which makes it easy to store and transport. The total weight of the machine is 52kgs, which is not too heavy to move around. This high-pressure oxygen chamber is perfect for clinics, hospitals, and personal use.

The Hyperbaric Oxygen Chamber operates with less than 63 DB noise level, which is perfect for those who prefer a quiet environment. It is equipped with a noise reduction system that helps to reduce the noise level during operation, making it perfect for use in hospitals or clinics.

The EMS01 model is perfect for those who are looking for a high-quality hyperbaric oxygen chamber. It is designed to accommodate a wide range of patients, making it perfect for both adults and children. The EMS01 model is easy to use and comes with a user-friendly interface that allows you to control the pressure and oxygen level with ease.

The Hyperbaric Oxygen Chamber is a high-pressure oxygen chamber that is designed to deliver high-quality hyperbaric oxygen therapy. It is perfect for those who are looking for a natural way to improve their health and wellness. Hyperbaric oxygen therapy has been proven to help improve circulation, boost the immune system, and promote healing.

The Hyperbaric Oxygen Chamber is a compression chamber for hyperbaric oxygen therapy that can help you achieve optimal health and wellness. It is perfect for those who are suffering from chronic pain, fatigue, or other health conditions. With regular use, the Hyperbaric Oxygen Chamber can help improve your overall health and well-being.

Invest in your health today with the Hyperbaric Oxygen Chamber. It is the perfect solution for those who are looking for a natural way to improve their health and wellness. Whether you are looking to improve your circulation, boost your immune system, or promote healing, the Hyperbaric Oxygen Chamber can help you achieve your goals.

#### Features:

**Product Name:** Hyperbaric Oxygen Chamber

**Pressure reduction time:** 15mins

**Function:** Hyperbaric Oxygen Therapy

**Properties:** Rehabilitation Therapy Supplies

**Model:** EMS01

**Machine CTN size:** 52\*34\*65cm

#### Technical Parameters:

Product Attribute	Value
Oxygen concentration	≥90%(can Be Set)
Pressure reduction time	15mins
Model	EMS01
Function	Hyperbaric Oxygen Therapy
Working pressure	1.3ATA
Noise Level	Less Than 63 DB
Total Weight	52kgs
Machine CTN size	52*34*65cm
Usage	Medical/Therapeutic
Properties	Rehabilitation Therapy Supplies

This is a Hyperbaric Oxygen Chamber, also known as a Compression Chamber for Hyperbaric Oxygen Therapy or Hyperbaric Pressure Chamber.

#### Applications:

The EMS01 model is manufactured in SHENZHEN EMENG HEALTH and is classified as a Rehabilitation Therapy Supply. It is a medical/therapeutic device that is used for a variety of health conditions, ranging from wounds and infections to respiratory disorders and neurological conditions.

The O2EMENG HBOT chamber is a compression chamber for hyperbaric oxygen therapy, which means that it can be pressurized to provide a controlled environment that delivers pure oxygen at a higher concentration than normal air. This helps to increase the amount of oxygen that the body can absorb, which can promote healing and reduce inflammation.

The EMS01 model is compact and easy to use, with dimensions of 52\*34\*65cm for the machine CTN size. This makes it suitable for use in a variety of settings, from hospitals and clinics to private homes.

The O2EMENG HBOT chamber is ideal for a range of application occasions and scenarios. It can be used to treat a variety of health conditions, including wounds, infections, respiratory disorders, neurological conditions, and more. It can also be used for anti-aging and beauty treatments, as well as for athletic performance enhancement.

Whether you are a healthcare professional looking to provide your patients with the best possible care, or an individual seeking a safe and effective treatment for a health condition, the O2EMENG HBOT chamber is the perfect choice. With its advanced technology, user-friendly design, and range of benefits, it is sure to meet all of your oxygen therapy needs.

In addition, This hyperbaric pressure chamber also is suitable for a variety of occasions and scenarios, including:

**Sports medicine:** Athletes may use the hyperbaric oxygen chamber to recover from injuries or improve their endurance.

**Wound healing:** Hyperbaric oxygen therapy can help speed up the healing process for wounds, including diabetic ulcers and burns.

**Anti-aging:** The increased oxygen levels in the body can help improve skin health and reduce the signs of aging.

**Neurological conditions:** Hyperbaric oxygen therapy may benefit individuals with conditions such as stroke, traumatic brain injury, and multiple sclerosis.

**Cancer treatment:** Some cancer patients may use hyperbaric oxygen therapy to reduce the side effects of radiation therapy.

**Diving accidents:** Divers who suffer from decompression sickness may benefit from hyperbaric oxygen therapy.

## Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

## ABOUT O2 EMENG

## POSITIVE EFFECTS OF HYPERBARIC OXYGEN THERAPY ON THE HUMAN BODY

It can increase the oxygen concentration by increasing the ambient air pressure, thus improving the efficiency of the body's utilization of oxygen.

Literature sources: Biddlestone J, Bandarra D, Rocha S. The role of hypoxia in inflammatory diseases review [J] Int J Mol Med, 2015, 35(4): p. 859-69.

The above knowledge science for consumers to learn reference, does not represent the efficacy of the product. The actual effect varies from person to person.
