

Oxygen Concentration Hyperbaric Chamber EMS01 for Medical Treatment

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS01
- Minimum Order Quantity: 1PC
- Price: \$3750
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

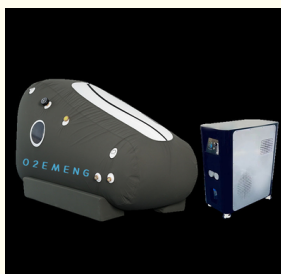

Product Specification

- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Working Pressure: 1.3-1.5ATA (can Be Set)
- Usage: Medical/Therapeutic
- Total Weight: 83kgs
- Model: EMS01
- Properties: Rehabilitation Therapy Supplies
- Pressure Reduction Time: 5-10 Mins
- Function: Hyperbaric Oxygen Therapy
- Highlight: medical hyperbaric oxygen chamber, medical oxygen hyperbaric chamber, 1.5ata hyperbaric oxygen chamber

Product Description

O2EMENG Oxygen Concentration Hyperbaric Chamber EMS01 for Medical Treatment

Product Description:

The HBOT chamber is designed to create an oxygen-rich environment that helps to promote healing and recovery. This is achieved through the use of a hyperbaric chamber of oxygen that can be set to a working pressure of 1.3-1.5ATA.

The pressure reduction time for this oxygen therapy chamber is between 5-10 minutes, which allows for a safe and comfortable experience for the user.

This Hyperbaric Oxygen Chamber is classified as Rehabilitation Therapy Supplies, which means it is specifically designed to aid in the rehabilitation of patients with various medical conditions.

The main function of the HBOT chamber is to increase the amount of oxygen in the body, which can help to speed up the healing process and reduce inflammation. This type of therapy has been used to treat a variety of conditions, including traumatic brain injuries, chronic fatigue syndrome, and even autism.

The Hyperbaric Oxygen Chamber is a versatile device that can be used in a variety of settings, including hospitals, clinics, and even in the home. It is a safe and effective way to promote healing and recovery, and it is backed by years of research and clinical studies.

If you are looking for a way to speed up your recovery time or improve your overall health and well-being, the Hyperbaric Oxygen Chamber may be the perfect solution. Whether you are dealing with a chronic illness or recovering from a recent injury, this oxygen therapy chamber can help you get back on your feet and on the road to recovery.

Features:

Product Name: Hyperbaric Oxygen Chamber

Function: Hyperbaric Oxygen Therapy

Oxygen concentration: ≥90% (can be set)

Total Weight: 83kgs

Machine CTN size: 127*55*105cm

Pressure reduction time: 5-10 mins

Keywords: Hyperbaric oxygen treatment chamber, Hyperbaric chamber of oxygen, Compression chamber for hyperbaric oxygen therapy

Technical Parameters:

| | |
|-------------------------|---------------------------------|
| Model | EMS01 |
| Total Weight | 83kgs |
| Properties | Rehabilitation Therapy Supplies |
| Function | Hyperbaric Oxygen Therapy |
| Working pressure | 1.3-1.5ATA (can Be Set) |
| Pressure reduction time | 5-10 Mins |
| Oxygen concentration | ≥90%(can Be Set) |
| Noise Level | Less Than 63 DB |
| Usage | Medical/Therapeutic |
| Machine CTN size | 127*55*105cm |

Applications:

The HBOT chamber is perfect for a wide range of applications, including sports medicine, post-surgery recovery, and general wellness. This product is particularly helpful for individuals recovering from injuries, as it speeds up the healing process. The high-pressure oxygen environment helps to increase blood flow and oxygen delivery to the affected areas, which can reduce inflammation and promote tissue repair.

The Hyperbaric chamber of oxygen is also a valuable tool for individuals with chronic conditions such as arthritis, fibromyalgia, and multiple sclerosis. The increased oxygen concentration in the chamber can help to reduce pain and inflammation, while also improving overall energy levels.

In addition to its therapeutic benefits, the O2EMENG EMS01 Hyperbaric Oxygen Chamber is also designed with user comfort in mind. The noise level is less than 63 DB, ensuring a peaceful and relaxing environment for the user. The total weight of the chamber is 83kgs, making it easy to move and store as needed.

The oxygen concentration in the chamber can be set to a minimum of 90%, ensuring that users receive the maximum benefits of hyperbaric oxygen therapy. Whether you are recovering from an injury or looking to improve your overall health and wellness, the O2EMENG EMS01 Hyperbaric Oxygen Chamber is an excellent investment.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

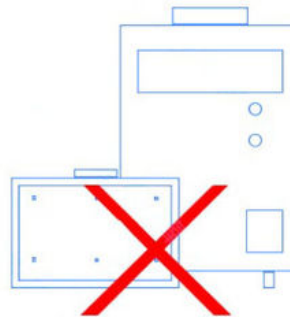

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.
