

Multifunctional Hyperbaric Oxygen Chamber Machine Intelligent All In One

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS03
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Machine CTN Size: 52*34*65cm
- Function: Hyperbaric Oxygen Therapy
- Pressure Reduction Time: 15mins
- Model: EMS03
- Usage: Medical/Therapeutic
- Properties: Rehabilitation Therapy Supplies
- Working Pressure: 1.3ATA
- Highlight: Multifunctional Hyperbaric Oxygen Chamber, Hyperbaric Oxygen Chamber Intelligent, Multifunctional Oxygen Chamber Machine

Product Description

O2EMENG Multifunctional Hyperbaric Oxygen Chamber, Intelligent All-in-One Machine

Product Description:

With a noise level of less than 63 DB, our Hyperbaric Oxygen Chamber provides a calming and relaxing environment for patients to undergo Hyperbaric Oxygen Therapy. The compression chamber for Hyperbaric Oxygen Therapy is designed to provide a safe and effective environment for the patient to receive the treatment without any distractions.

The total weight of our Hyperbaric Oxygen Chamber is only 52kgs, making it easy to move and store. The compact design of the chamber allows it to fit easily in any room, providing patients with the convenience of undergoing treatment at home.

Our Hyperbaric Oxygen Chamber is perfect for individuals seeking to improve their overall health and wellness. The benefits of Hyperbaric Oxygen Therapy include improved circulation, reduced inflammation, and increased energy levels. The therapy is also known to improve cognitive function and enhance athletic performance.

The Hyperbaric Pressure Chamber is designed to provide a safe and effective environment for patients to undergo Hyperbaric Oxygen Treatment. The working pressure of the chamber is 1.3ATA, providing patients with the maximum benefits of the therapy. Additionally, the pressure reduction time of the chamber is only 15 minutes, making it easy for patients to start and end their therapy sessions quickly.

Overall, our Hyperbaric Oxygen Chamber is designed to provide patients with a safe, effective, and convenient solution for Hyperbaric Oxygen Therapy. The chamber is perfect for individuals seeking to improve their overall health and wellness and is ideal for those who want to undergo the treatment in the comfort of their own homes.

Features:

Product Name: Hyperbaric Oxygen Chamber

Pressure reduction time: 15mins

Oxygen concentration: ≥90%(can Be Set)

Machine CTN size: 52*34*65cm

Model: EMS03

Function: Hyperbaric Oxygen Therapy

This product is also known as Oxygen therapy chamber, Compression chamber for hyperbaric oxygen therapy, and Hyperbaric chamber of oxygen.

Technical Parameters:

Product Attribute	Value
Model	EMS03
Function	Hyperbaric Oxygen Therapy
Usage	Medical/Therapeutic
Properties	Rehabilitation Therapy Supplies
Compression chamber for hyperbaric oxygen therapy	Yes
Working pressure	1.3ATA
Oxygen concentration	≥90%(can Be Set)
Pressure reduction time	15mins
Machine CTN size	52*34*65cm
Total Weight	52kgs
Noise Level	Less Than 63 DB
High-pressure oxygen chamber	Yes

Applications:

The Hyperbaric chamber of oxygen can be used in a variety of settings, such as hospitals, clinics, and home health settings. It is ideal for patients with a range of conditions, including traumatic brain injuries, stroke, and chronic fatigue syndrome. The Hyperbaric pressure chamber can also be used for post-operative care and to speed up recovery times after surgery.

The product is very quiet, with a noise level of less than 63 DB, making it suitable for use in a variety of settings. The EMS03 model has a pressure reduction time of 15 minutes, which is ideal for reducing the risk of decompression sickness. Additionally, the oxygen concentration can be set to a minimum of 90%, ensuring that patients receive the necessary oxygen to support their healing process.

The Hyperbaric Oxygen Chamber is easy to use and can be operated by a trained healthcare professional. The product is designed to provide a comfortable and safe environment for patients, with a range of features to ensure their comfort and safety. The product is designed to be durable and long-lasting, ensuring that it can be used for years to come.

In conclusion, the O2EMENG Hyperbaric Oxygen Chamber, model EMS03, is a versatile and reliable product that can be used in a range of medical and therapeutic settings. Its high-quality construction, ease of use, and range of features make it ideal for patients seeking a safe and effective treatment for a range of conditions.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

SPORT & RECOVERY

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

BEAUTY & ANTI-AGING

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

CLINICAL

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

HOME CARE

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.

Supercharged Oxygen

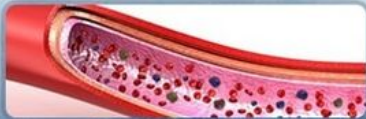

Increase the partial pressure of oxygen in the body.
The hyperbaric chamber can be raised to 30kpa.

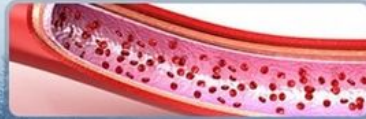

Increase blood oxygen saturation.
Oxygen intake is equivalent to more than 2 times that of normal breathing.

Increase the oxygen diffusion distance in the body.
Use the flow of lymph to increase blood flow.

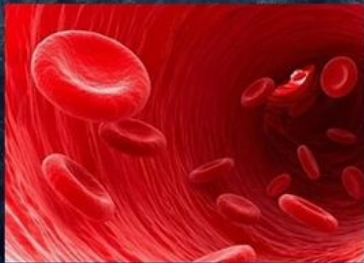

The blood vessel circulation in the human body under normal atmospheric pressure. Various factors impede flow.

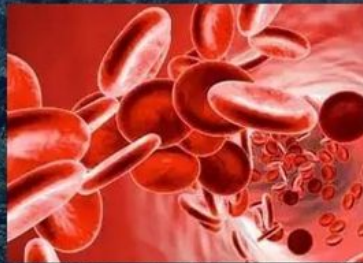

Hyperbaric oxygen chamber speeds up human blood vessel circulation, promote blood flow.

Increases the partial pressure of oxygen in the blood, and improves the vascular transport and terminal arrival of oxygen.

Atmospheric Oxygen

At standard atmospheric pressure, blood vessels contain oxygen (atmospheric oxygen)

Supercharged Oxygen

In a hyperbaric oxygen environment, the blood vessels contain oxygen (high concentrations of oxygen)
