

## Hyperbaric Chamber-15mins Pressure Reduction for Enhanced Tissue Recovery

Our Product Introduction

For more products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$2650
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Oxygen Concentration:  $\geq 90\%$  (can Be Set)
- Noise Level: Less Than 63 DB
- Function: Hyperbaric Oxygen Therapy
- Working Pressure: 1.2ATA
- Machine CTN Size: 52\*34\*65cm
- Model: EMS02
- Properties: Rehabilitation Therapy Supplies
- Pressure Reduction Time: 15mins
- Highlight: 1.2ata hyperbaric oxygen chamber, 1.2ata oxygen hyperbaric chamber

## Product Description

### O2EMENG EMS02 Hyperbaric Chamber-15mins Pressure Reduction for Enhanced Tissue Recovery

#### Product Description:

The Hyperbaric chamber of oxygen is designed to provide a comfortable and safe environment for patients to receive Hyperbaric Oxygen Therapy. It has a total weight of 52kgs, making it easy to transport and move. The chamber is also equipped with noise reduction technology, which ensures that the noise level is less than 63 DB, providing a peaceful environment for the patient during therapy.

The model of the Hyperbaric Oxygen Chamber is EMS02. This model is known for its reliability and ease of use. It is designed to meet the needs of patients who are looking for a way to improve their health and well-being through Hyperbaric Oxygen Therapy.

The working pressure of the Hyperbaric Oxygen Chamber is 1.2ATA. This pressure is ideal for Hyperbaric Oxygen Therapy, as it allows the patient to receive the maximum benefits of the therapy. The chamber is designed to deliver oxygen to the body at a high pressure, which helps to increase the oxygen levels in the blood and improve circulation.

The Hyperbaric Oxygen Chamber is designed for Hyperbaric Oxygen Therapy. This therapy has been shown to provide a wide range of health benefits, including improved circulation, increased oxygen levels in the blood, improved immune function, and reduced inflammation. Hyperbaric Oxygen Therapy is also recommended for patients who are recovering from surgery, as it can help to speed up the healing process.

If you are looking for a way to improve your health and well-being, the Hyperbaric Oxygen Chamber may be the right solution for you. With its high-pressure oxygen chamber and Hyperbaric chamber of oxygen, this chamber is designed to provide you with the maximum benefits of Hyperbaric Oxygen Therapy.

#### Features:

**Product Name:** Hyperbaric Oxygen Chamber

**Noise Level:** Less Than 63 DB

**Oxygen concentration:** ≥90%(can Be Set)

**Machine CTN size:** 52\*34\*65cm

**Function:** Hyperbaric Oxygen Therapy

**Total Weight:** 52kgs

#### Technical Parameters:

Function	Hyperbaric Oxygen Therapy
Machine CTN size	52*34*65cm
Noise Level	Less Than 63 DB
Usage	Medical/Therapeutic
Model	EMS02
Properties	Rehabilitation Therapy Supplies
Working pressure	1.2ATA
Pressure reduction time	15mins
Total Weight	52kgs
Oxygen concentration	≥90%(can Be Set)

#### Applications:

The Hyperbaric Oxygen Chamber is used for Hyperbaric Oxygen Therapy, which involves breathing pure oxygen in a pressurized room or tube. This therapy has been found to be useful in treating a variety of medical conditions, such as carbon monoxide poisoning, wounds that won't heal due to diabetes or radiation injury, and decompression sickness.

The O2EMENG EMS03 Hyperbaric Oxygen Chamber is suitable for a wide range of medical conditions, including but not limited to:

- Non-healing wounds and ulcers
- Burn injuries
- Carbon monoxide poisoning
- Crush injuries and compartment syndrome
- Decompression sickness

Gas gangrene  
Infections  
Multiple sclerosis  
Stroke  
Autism  
And many more

The O2EMENG EMS02 Hyperbaric Oxygen Chamber is an effective tool for rehabilitation therapy supplies. It provides a controlled environment that allows patients to receive high levels of oxygen, which can help improve circulation, reduce swelling, and promote healing.

This Oxygen Therapy Chamber is suitable for use in hospitals, clinics, and rehabilitation centers. It is also ideal for home use for patients who require ongoing treatment.

The Hyperbaric Pressure Chamber is easy to use and comes with clear instructions. It has a compact design and a machine CTN size of 52\*34\*65cm, making it easy to transport and store.

In summary, the O2EMENG EMS02 Hyperbaric Oxygen Chamber is an essential piece of equipment for medical professionals who want to provide the best possible care for their patients. Its high-pressure oxygen chamber is effective in treating a variety of medical conditions, and its compact design makes it easy to use and transport.

## Support and Services:

The Hyperbaric Oxygen Chamber is a medical device designed to deliver 100% pure oxygen to the body while the patient is enclosed in a pressurized chamber. The product's technical support and services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

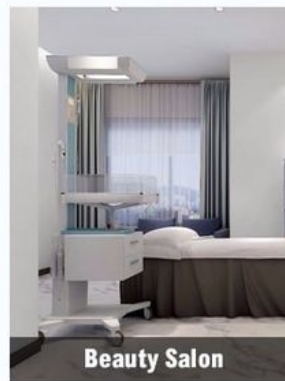

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

## The Use of Hyperbaric Oxygen Chamber

Always prepare at home, say goodbye to sub-health

WHY CHOOSE US

### Enterprise core competence

#### Supply Support

We have passed CE (ISO 13485) international product quality system certification, and can provide you with the final technical solution for the oxygen generator.

#### OEM/ODM Technical Support

We provide OEM/ODM services and professional technical support for any customers who send us samples of the products, we will design and develop better ones based on the samples. For every customer we will choose the best fit material and also innovative material for their products.

#### Service Team

We have a professional customer service team, 24/7 is service all day. Able to efficiently, quality and professionally solve any customer problems.

#### Quality Safety

We own professional quality management and process inspection team including incoming inspection, semi-finished products inspection, finished product inspection and pre-delivery inspection, your satisfaction will be our honor.

#### Professional Registration Department

We have a special professional registration department, which is in charge of domestic registration and overseas registration. We can help our current or potential customers to do the registration work. We have a good relationship with domestic famous institute who can provide us with authoritative medical analysis and authorization report.

#### ONE Stop Supplier

We are a ONE stop supplier, we provide the accessories, device service and even solutions.
