

1.2ATA Pressure Medical Hyperbaric Oxygen Chamber For Rehabilitation Therapy

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$2650
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Working Pressure: 1.2ATA
- Machine CTN Size: 52*34*65cm
- Model: EMS02
- Pressure Reduction Time: 15mins
- Total Weight: 52kgs
- Properties: Rehabilitation Therapy Supplies
- Function: Hyperbaric Oxygen Therapy
- Usage: Medical/Therapeutic
- Highlight: 1.2ATA Hyperbaric Oxygen Chamber, Medical Hyperbaric Oxygen Chamber

Product Description

O2EMENG 1.2ATA Pressure Hyperbaric Oxygen Chamber EMS02 for Rehabilitation Therapy

Product Description:

With a CTN size of 52*34*65cm, this hyperbaric oxygen treatment chamber is compact and convenient to use. It is a rehabilitation therapy supply that is ideal for use in hospitals, clinics, or even at home.

The EMS02 model is designed to be user-friendly, making it easy for patients to operate it themselves. It is equipped with advanced features that allow users to adjust the oxygen concentration levels, as well as the time and pressure settings. These features ensure users receive the best possible treatment, tailored to their individual requirements.

This hyperbaric oxygen treatment chamber is designed to be quiet during operation, with a noise level of less than 63 DB. This ensures a comfortable and peaceful experience for patients during their treatment sessions.

Overall, the EMS02 Hyperbaric Oxygen Chamber is a reliable and effective solution for those seeking hyperbaric oxygen therapy. It is a compression chamber that provides high oxygen concentration levels, is easy to use, and is compact and convenient. With this product, patients can experience the benefits of hyperbaric oxygen therapy in the comfort of their own home or at a medical facility.

Features:

Product Name: Hyperbaric Oxygen Chamber

Pressure reduction time: 15mins

Model: EMS02

Machine CTN size: 52*34*65cm

Usage: Medical/Therapeutic

Properties: Rehabilitation Therapy Supplies

Hyperbaric chamber of oxygen, HBOT chamber, Hyperbaric oxygen therapy unit

Technical Parameters:

Technical Parameter	Value
Oxygen concentration	≥90% (can be set)
Function	Hyperbaric Oxygen Therapy (HBOT chamber)
Noise Level	Less than 63 DB
Total Weight	52kgs
Pressure reduction time	15mins
Machine CTN size	52*34*65cm
Usage	Medical/Therapeutic
Properties	Rehabilitation Therapy Supplies
Working pressure	1.2ATA
Model	EMS02 (Compression chamber for hyperbaric oxygen therapy)

Applications:

Hyperbaric pressure chamber is used in various applications such as sports medicine, anti-aging, and wound healing. It is also used for the treatment of conditions such as autism, cerebral palsy, chronic fatigue syndrome, and multiple sclerosis. The Hyperbaric Oxygen Chamber can be used in both hospitals and homes, making it an excellent investment for personal and professional use.

The machine CTN size is 52*34*65cm, making it easy to store and transport. The pressure reduction time is only 15 minutes, so it is straightforward to use. The Hyperbaric Oxygen Chamber is designed to provide an oxygen concentration of 90% or more, which can be set depending on the user's needs.

Hyperbaric pressure chambers have been used for decades to treat a range of conditions. Compression chamber for hyperbaric oxygen therapy is a safe and effective way to increase the amount of oxygen in the body, which can help improve healing and recovery times. It works by pressurizing the air around the patient, allowing oxygen to be absorbed more efficiently by the lungs and delivered to the body's tissues.

The O2EMENG Hyperbaric Oxygen Chamber is ideal for individuals looking to improve their health and well-being. It is also perfect for athletes who need to recover quickly from injuries or intense training sessions. The high-pressure oxygen chamber is easy to use and provides a safe and effective way to increase oxygen levels in the body.

If you are looking for an investment that can help improve your health or the health of your patients, the Hyperbaric Oxygen Chamber is an excellent choice. It is a reliable, durable, and effective tool that can be used in a variety of settings.

Support and Service :

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal

condition and extend its lifespan. Our services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.
