

## EMS02 Hyperbaric Oxygen Chamber for Rehabilitation Therapy

Our Product Introduction

For products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$4050
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Oxygen Concentration:  $\geq 90\%$  (can Be Set)
- Usage: Medical/Therapeutic
- Working Pressure: 1.2-1.4 ATA (can Be Set)
- Pressure Reduction Time: 5-10 Mins
- Function: Hyperbaric Oxygen Therapy
- Properties: Rehabilitation Therapy Supplies
- Model: EMS02
- Noise Level: Less Than 63 DB
- Highlight: medical hyperbaric oxygen chamber, medical oxygen hyperbaric chamber, therapeutic hyperbaric oxygen chamber

## Product Description

### EMS02 Hyperbaric Oxygen Chamber for Rehabilitation Therapy

#### Product Description:

This Hyperbaric Oxygen Therapy unit is designed with the latest technology and is built to the highest standards. It is a reliable and efficient machine that is easy to use and requires minimal maintenance. The noise level of this machine is less than 63 DB, making it one of the quietest hyperbaric chambers on the market. This means that patients can undergo their therapy in a calm and peaceful environment.

The machine CTN size is 127\*55\*105cm, making it a compact and easy-to-store device. The overall weight of the unit is 83kgs, which makes it easy to move and transport from one location to another. This machine is classified as Rehabilitation Therapy Supplies, which means that it is a medical device that is specifically designed for therapeutic use.

This Hyperbaric Oxygen Chamber is a safe and effective way to deliver HBOT to patients. It is designed to provide a comfortable and controlled environment for the patient to receive therapy. The pressurized oxygen chamber is built to the highest standards, ensuring that it is reliable and efficient. This machine is an essential tool for any medical facility that offers Hyperbaric Oxygen Therapy.

In conclusion, the Hyperbaric Oxygen Chamber is a high-quality device that is specifically designed for medical and therapeutic use. It is a pressurized oxygen chamber that is built to the highest standards and is designed to provide a safe and controlled environment for the patient to receive therapy. This machine is an essential tool for any medical facility that offers Hyperbaric Oxygen Therapy. The compact size and lightweight nature of this machine make it easy to transport and store, making it an ideal solution for medical facilities of all sizes.

#### Features:

Product Name: Hyperbaric Oxygen Chamber

Pressure reduction time: 5-10 Mins

Machine CTN size: 127\*55\*105cm

Properties: Rehabilitation Therapy Supplies

Oxygen concentration: ≥90%(can Be Set)

Usage: Medical/Therapeutic

Decompression chamber for oxygen therapy

Hyperbaric oxygen treatment chamber

HBOT chamber

#### Technical Parameters:

Total Weight	83kgs
Properties	Rehabilitation Therapy Supplies
Function	Hyperbaric Oxygen Therapy
Oxygen concentration	≥90%(can Be Set)
Noise Level	Less Than 63 DB
Machine CTN size	127*55*105cm
Model	EMS02
Working pressure	1.2-1.4 ATA (can Be Set)
Pressure reduction time	5-10 Mins
Usage	Medical/Therapeutic

#### Applications:

Hyperbaric oxygen treatment chamber is a medical device that delivers high concentrations of oxygen to the body through pressurization. The O2EMENG Hyperbaric Oxygen Chamber provides an oxygen concentration of ≥90% (can be set) and has a pressure reduction time of 5-10 minutes.

The O2EMENG Hyperbaric Oxygen Chamber is suitable for a variety of medical conditions and can be used in hospitals, clinics, and other medical facilities. It can also be used in home settings for patients who require ongoing hyperbaric oxygen therapy.

The machine has a CTN size of 127\*55\*105cm, making it relatively compact and easy to store. It can be used for a variety of medical

conditions, including but not limited to:

Non-healing wounds  
Carbon monoxide poisoning  
Gas gangrene  
Compromised skin grafts and flaps  
Burns  
Infections (e.g. osteomyelitis, clostridial myonecrosis)  
Decompression sickness and arterial gas embolism  
Stroke  
Cerebral palsy  
Autism

The O2EMENG Hyperbaric Oxygen Chamber (Model Number: EMS02) is a versatile and effective tool for hyperbaric oxygen therapy. It provides a safe, controlled environment for patients to receive high concentrations of oxygen, which can help improve healing and recovery times for a variety of medical conditions. Whether used in a hospital, clinic, or home setting, the O2EMENG Hyperbaric Oxygen Chamber is an excellent choice for anyone in need of hyperbaric oxygen therapy.

## Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

# Supercharged Oxygen

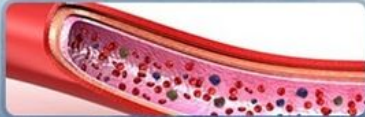

Increase the partial pressure of oxygen in the body.  
The hyperbaric chamber can be raised to 30kpa.

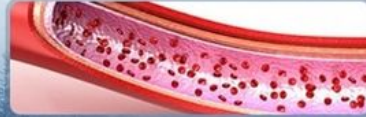

Increase blood oxygen saturation.  
Oxygen intake is equivalent to more than 2 times that of normal breathing.

Increase the oxygen diffusion distance in the body.  
Use the flow of lymph to increase blood flow.

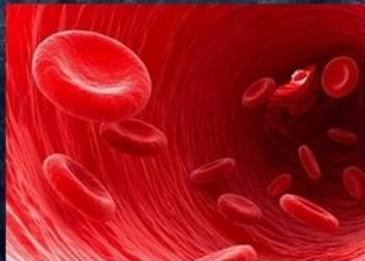

The blood vessel circulation in the human body under normal atmospheric pressure. Various factors impede flow.

Hyperbaric oxygen chamber speeds up human blood vessel circulation, promote blood flow.

Increases the partial pressure of oxygen in the blood, and improves the vascular transport and terminal arrival of oxygen.

Atmospheric Oxygen

At standard atmospheric pressure, blood vessels contain oxygen (atmospheric oxygen)

Supercharged Oxygen

In a hyperbaric oxygen environment, the blood vessels contain oxygen (high concentrations of oxygen)

### SPORT & RECOVERY

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

### BEAUTY & ANTI-AGING

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

### CLINICAL

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

### HOME CARE

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.
