

## 5-10 Mins Pressure Reduction Hyperbaric Oxygen Chamber For Medical/Therapeutic Total Weight 83 kgs

Our Product Introduction

For products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$4050
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Pressure Reduction Time: 5-10 Mins
- Noise Level: Less Than 63 DB
- Machine CTN Size: 127\*55\*105cm
- Oxygen Concentration:  $\geq 90\%$ (can Be Set)
- Function: Hyperbaric Oxygen Therapy
- Usage: Medical/Therapeutic
- Properties: Rehabilitation Therapy Supplies
- Total Weight: 83kgs
- Highlight: medical hyperbaric oxygen chamber, medical oxygen hyperbaric chamber, therapeutic hyperbaric oxygen chamber

## Product Description

### O2EMENG 5-10 Mins Pressure Reduction Hyperbaric Oxygen Chamber For Medical/Therapeutic Total Weight 83 kgs

#### Product Description:

The Hyperbaric Oxygen Chamber is capable of providing a working pressure of 1.2-1.4 ATA, which can be set according to the user's preference. This allows individuals to customize their therapy sessions to suit their individual needs and preferences. The hyperbaric pressure chamber is designed to provide a comfortable and safe environment for individuals undergoing hyperbaric oxygen therapy.

The Hyperbaric Oxygen Chamber is a rehabilitation therapy supply that helps with a wide range of conditions. Hyperbaric oxygen therapy is known to help with conditions such as autism, Alzheimer's disease, stroke, traumatic brain injury, and many other neurological conditions. It is also used to help with wound healing, sports injuries, and other medical conditions.

The Hyperbaric Oxygen Chamber is a hyperbaric oxygen therapy unit that is designed to provide maximum benefit to individuals. The unit is easy to use and comes with clear instructions on how to operate it. The chamber is made from high-quality materials that are durable and long-lasting.

In conclusion, the Hyperbaric Oxygen Chamber is an excellent choice for individuals looking for a safe and effective way to undergo hyperbaric oxygen therapy. It is a high-quality product that is designed to provide maximum benefit to individuals undergoing therapy. With its compact size and customizable pressure settings, this chamber is an excellent choice for anyone looking to improve their health and well-being.

#### Features:

**Product Name:** Hyperbaric Oxygen Chamber

**Model:** EMS02

**Function:** Hyperbaric Oxygen Therapy

**Working pressure:** 1.2-1.4 ATA (can Be Set)

**Machine CTN size:** 127\*55\*105cm

**Total Weight:** 83kgs

This HBOT chamber, also known as a hyperbaric oxygen treatment chamber or hyperbaric pressure chamber, is designed to provide hyperbaric oxygen therapy to individuals in need.

#### Technical Parameters:

Compression chamber for hyperbaric oxygen therapy	Model	EMS02
High-pressure oxygen chamber	Pressure reduction time	5-10 Mins
Hyperbaric pressure chamber	Noise Level	Less Than 63 DB
Rehabilitation Therapy Supplies	Usage	Medical/Therapeutic
Hyperbaric pressure chamber	Total Weight	83kgs
Hyperbaric pressure chamber	Working pressure	1.2-1.4 ATA (can Be Set)
Hyperbaric pressure chamber	Oxygen concentration	≥90%(can Be Set)
Hyperbaric pressure chamber	Machine CTN size	127*55*105cm
Hyperbaric pressure chamber	Function	Hyperbaric Oxygen Therapy

#### Applications:

The O2EMENG EMS02 is a perfect fit for various rehabilitation therapy supplies. It is a high-pressure oxygen chamber that can help patients recover from various ailments such as decompression sickness, arterial gas embolism, carbon monoxide poisoning, and much more. The machine can also be used for treating patients with autism, cerebral palsy, and other developmental disorders. The hyperbaric pressure chamber is also effective in treating wounds, burns, and skin infections.

The O2EMENG EMS02 is a versatile machine that can be used in various scenarios. The machine can be used in hospitals, clinics, and rehabilitation centers. It is also suitable for home use for patients who require continuous therapy. The machine is easy to use and does not require any special training. This makes it perfect for patients who prefer to receive therapy in the comfort of their homes. For example:

1. Sports medicine: Athletes may use the hyperbaric oxygen chamber to recover from injuries or improve their endurance.

2. Wound healing: Hyperbaric oxygen therapy can help speed up the healing process for wounds, including diabetic ulcers and burns.
3. Anti-aging: The increased oxygen levels in the body can help improve skin health and reduce the signs of aging.
4. Neurological conditions: Hyperbaric oxygen therapy may benefit individuals with conditions such as stroke, traumatic brain injury, and multiple sclerosis.
5. Cancer treatment: Some cancer patients may use hyperbaric oxygen therapy to reduce the side effects of radiation therapy.
6. Diving accidents: Divers who suffer from decompression sickness may benefit from hyperbaric oxygen therapy.

The O2EMENG EMS02 is a great investment for medical professionals and patients who require hyperbaric oxygen therapy. The machine is designed to be durable and long-lasting. The machine CTN size is 127\*55\*105cm which ensures that it can be easily transported and stored. The machine is a must-have for anyone who wants to improve their health and well-being.

## Support and Services:

The Hyperbaric Oxygen Chamber is a medical device that provides high levels of oxygen to a patient in a pressurized environment. Our technical support and services for this product include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

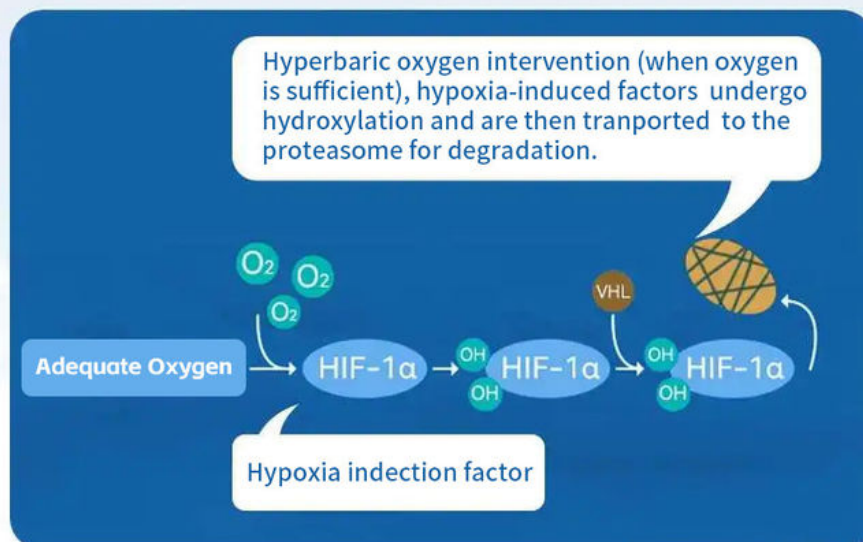

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

We understand the importance of this life-saving medical equipment and are committed to providing our customers with the highest quality support and services to ensure the safe and effective use of the Hyperbaric Oxygen Chamber.

## POSITIVE EFFECTS OF HYPERBARIC OXYGEN THERAPY ON THE HUMAN BODY

It can increase the oxygen concentration by increasing the ambient air pressure, thus improving the efficiency of the body's utilization of oxygen.

Literature sources: Biddlestone J, Bandarra D, Rocha S. The role of hypoxia in inflammatory diseases (review) [J]. Int J Mol Med, 2015, 35(4):p.859-69.

The above knowledge science for consumers to learn reference, does not represent the efficacy of the product. The actual effect varies from person to person.
