

## Hyperbaric Oxygen Chamber Offers Quiet Operation with Less Than 63 DB Noise Level

Our Product Introduction

For more products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$4050
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

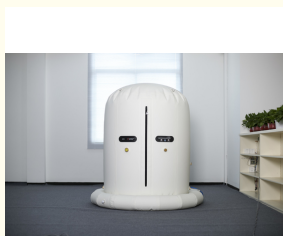

### Product Specification

- Machine CTN Size: 127\*55\*105cm
- Total Weight: 83kgs
- Pressure Reduction Time: 5-10 Mins
- Noise Level: Less Than 63 DB
- Usage: Medical/Therapeutic
- Model: EMS02
- Working Pressure: 1.2-1.4 ATA (can Be Set)
- Oxygen Concentration: ≥90%(can Be Set)
- Highlight: quiet hyperbaric oxygen chamber, quiet oxygen hyperbaric chamber, medical hyperbaric oxygen chamber

## Product Description

### O2EMENG EMS02 Hyperbaric Oxygen Chamber Offers Quiet Operation with Less Than 63 DB Noise Level

#### Product Description:

The EMS02 model of the Hyperbaric Oxygen Chamber is a high-quality and reliable oxygen therapy chamber that is designed to meet the needs of medical professionals and patients alike. This oxygen therapy chamber is designed to be easy to use, and is capable of delivering high-quality oxygen therapy in a safe and effective manner.

One of the key features of the Hyperbaric Oxygen Chamber is its low noise level, which is less than 63 DB. This makes it an ideal choice for medical facilities and clinics where patients require a quiet and peaceful environment for their oxygen therapy.

Hyperbaric Oxygen Therapy is a proven and effective treatment for a wide range of medical conditions. By increasing the amount of oxygen that a patient receives, this type of therapy can help to speed up the healing process and improve overall health and wellbeing. The Hyperbaric Oxygen Chamber is an excellent choice for patients who require this type of therapy, and is capable of delivering high-quality results in a safe and effective manner.

Overall, the Hyperbaric Oxygen Chamber is an excellent choice for medical professionals who are looking for a reliable and effective oxygen therapy chamber. With its high-quality features and easy-to-use design, this oxygen therapy chamber is an excellent choice for patients who require hyperbaric oxygen therapy, and is capable of delivering high-quality results in a safe and effective manner.

#### Features:

Product Name: Hyperbaric Oxygen Chamber

Pressure reduction time: 5-10 Mins

Working pressure: 1.2-1.4 ATA (can Be Set)

Function: Hyperbaric Oxygen Therapy

Noise Level: Less Than 63 DB

Usage: Medical/Therapeutic

This Hyperbaric Oxygen Chamber is a decompression chamber for oxygen therapy. It can be used for hyperbaric oxygen treatment, and its working pressure can be set between 1.2-1.4 ATA. The pressure reduction time is 5-10 minutes, and it operates with a noise level of less than 63 DB. This chamber is primarily used for medical and therapeutic purposes.

#### Technical Parameters:

Total Weight	83kgs
Model	EMS02
Oxygen concentration	≥90% (can Be Set)
Machine CTN size	127*55*105cm
Function	Hyperbaric Oxygen Therapy
Usage	Medical/Therapeutic
Pressure reduction time	5-10 Mins
Properties	Rehabilitation Therapy Supplies
Noise Level	Less Than 63 DB
Working pressure	1.2-1.4 ATA (can Be Set)

This product is a pressurized oxygen chamber also known as a high-pressure oxygen chamber or hyperbaric oxygen therapy unit.

#### Applications:

The EMS02 model is a versatile hyperbaric oxygen chamber that can be used in many different medical scenarios. Its working pressure of 1.2-1.4 ATA can be set to meet the specific needs of each patient. This feature makes the chamber ideal for treating a variety of conditions such as chronic fatigue, brain injuries, and sports injuries.

The pressure reduction time of the EMS02 model is only 5-10 minutes, making it easy to use and very convenient for patients. The oxygen concentration can also be set to 90% or higher, ensuring that patients receive the right amount of oxygen to promote healing.

The O2EMENG EMS02 Hyperbaric Oxygen Chamber can be used in many different medical applications. It is often used in hospitals, rehabilitation centers, sports medicine clinics, and even in some home settings.

The EMS02 model is a reliable and effective compression chamber for hyperbaric oxygen therapy. It is designed to provide a safe and comfortable environment for patients to receive treatment. Its advanced features and ease of use make it an excellent choice for medical professionals looking to provide hyperbaric oxygen therapy to their patients.

In summary, the O2EMENG EMS02 Hyperbaric Oxygen Chamber is a top-of-the-line medical device that is perfect for a variety of medical applications. Its pressure and oxygen concentration settings, along with its ease of use, make it an excellent choice for medical professionals looking to provide hyperbaric oxygen therapy to their patients. The EMS02 model is a reliable and effective compression chamber for hyperbaric oxygen therapy that can be used in hospitals, rehabilitation centers, sports medicine clinics, and even in some home settings.

## Advantages:

**Advanced Technology Integration:** The O2EMENG chamber incorporates cutting-edge features such as a smart chair with dual-screen control, an intercom system, and iPad intelligent control. This level of technological integration not only enhances user convenience but also ensures efficient operation and monitoring of the chamber environment. For individuals or facilities seeking state-of-the-art equipment for therapeutic or health monitoring purposes, O2EMENG offers a compelling choice.

**Safety and Comfort Features:** The chamber is equipped with several safety and comfort-enhancing features. It boasts a power outage automatic pressure relief system, a first-of-its-kind technology in China, which ensures safety during unexpected power interruptions. Additionally, the interior uses antibacterial board, promoting a hygienic environment suitable for health-related applications. These features underscore O2EMENG's commitment to user safety, comfort, and health.

**Precise Environmental Control:** O2EMENG provides precise control over environmental parameters critical for therapeutic effectiveness. It monitors and adjusts temperature, humidity, pressure, and oxygen concentration within optimal ranges (e.g., 28% to 32% oxygen concentration). The chamber also allows adjustable cooling/heating temperatures, accommodating diverse user needs and preferences. This level of environmental control is crucial for achieving therapeutic outcomes in medical treatments or wellness applications.

In summary, the O2EMENG chamber stands out due to its advanced technological features, emphasis on safety and comfort, and precise environmental control capabilities. These attributes make it a suitable choice for medical facilities, wellness centers, or individuals looking for a reliable and effective hyperbaric oxygen therapy solution.

## Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal

condition and extend its lifespan. Our services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

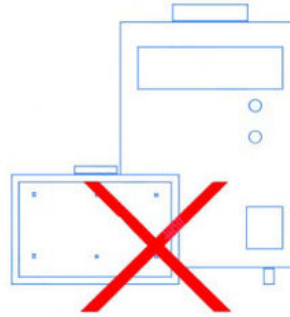

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.
