

Professional Hyperbaric Oxygen Pressure Chamber Therapy For Medical Healing

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$4050
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

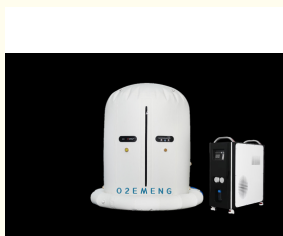

Product Specification

- Pressure Reduction Time: 5-10 Mins
- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Noise Level: Less Than 63 DB
- Usage: Medical/Therapeutic
- Properties: Rehabilitation Therapy Supplies
- Working Pressure: 1.2-1.4 ATA (can Be Set)
- Function: Hyperbaric Oxygen Therapy
- Machine CTN Size: 127*55*105cm
- Highlight: Hyperbaric Oxygen Pressure Chamber Therapy, Medical Oxygen Pressure Chamber Therapy

Product Description

O2EMENG Professional Hyperbaric pressure chamber for Medical Healing

Product Description:

One of the key features of this hyperbaric chamber of oxygen is its working pressure range. With a range of 1.2-1.4 ATA, this hyperbaric chamber of oxygen is capable of providing you with the ideal pressure for your therapy, which can be easily set according to your preferences. This pressurized oxygen chamber is also equipped with a pressure reduction time of 5-10 minutes, which ensures that you can safely and comfortably exit the chamber after your therapy session.

Additionally, this hyperbaric chamber of oxygen is designed to be spacious and comfortable, with a machine CTN size of 127*55*105cm. This ensures that you have enough room to move around and relax during your therapy session.

The Hyperbaric Oxygen Chamber is perfect for people who are looking for a safe and effective way to improve their overall health and well-being. Whether you are recovering from an injury or illness, or simply looking to boost your immune system, this hyperbaric chamber of oxygen is the perfect solution for you.

So why wait? Order your Hyperbaric Oxygen Chamber today and experience the benefits of hyperbaric oxygen therapy in the comfort of your own home!

Features:

Product Name: Hyperbaric Oxygen Chamber

Oxygen concentration: ≥90%(can Be Set)

Noise Level: Less Than 63 DB

Function: Hyperbaric Oxygen Therapy

Machine CTN size: 127*55*105cm

Total Weight: 83kgs

Keywords: High-pressure oxygen chamber, Oxygen therapy chamber

Technical Parameters:

Product Name:	HBOT chamber
Model:	EMS02
Properties:	Rehabilitation Therapy Supplies
Total Weight:	83kgs
Pressure reduction time:	5-10 Mins
Usage:	Medical/Therapeutic
Machine CTN size:	127*55*105cm
Oxygen concentration:	≥90%(can Be Set)
Noise Level:	Less Than 63 DB
Function:	Hyperbaric oxygen therapy unit, Hyperbaric oxygen treatment chamber
Working pressure:	1.2-1.4 ATA (can Be Set)

Applications:

The O2EMENG Hyperbaric Oxygen Chamber is ideal for a wide range of rehabilitation therapy needs and is perfect for individuals who require oxygen therapy. With a pressure reduction time of 5-10 minutes, this product is guaranteed to provide quick relief for those in need.

This product weighs a total of 83kgs, making it easy to move and store as needed. Its properties as a rehabilitation therapy supply make it an excellent choice for medical facilities, physical therapy centers, and even homes where oxygen therapy is a necessity.

The O2EMENG Hyperbaric Oxygen Chamber offers an oxygen concentration of ≥90%, which can be set according to the user's needs. This feature ensures that patients receive the right amount of oxygen needed to aid in their therapy.

Some of the occasions and scenarios where the O2EMENG Hyperbaric Oxygen Chamber can be used include:
Postoperative recovery

Sports injuries
Burns
Wound healing
Autism
Stroke
Cerebral Palsy

The O2EMENG Hyperbaric Oxygen Chamber is an excellent investment for medical and therapeutic facilities, as well as individuals who require oxygen therapy. Its portability, ease of use, and effectiveness make it a top choice for those in need.

Reasons to choose us:

1. Professionalism and authority:

As a manufacturer or brand of hyperbaric chamber, O2EMENG has rich industry experience and technology accumulation, and can provide professional and reliable hyperbaric oxygen therapy equipment.

Its products may have undergone stringent quality control and certification and comply with relevant industry standards to ensure safety and effectiveness in use.

2. Technological advancement:

O2EMENG hyperbaric chambers may adopt the latest technology and design concepts, such as air pressurization or pure oxygen pressurization technology, as well as advanced air supply and exhaust (oxygen) systems, air conditioning systems and control systems. These technologies can ensure that the human body can safely and effectively inhale a high concentration of oxygen in a high-pressure environment for therapeutic purposes.

3. User feedback and reputation:

When choosing hyperbaric chambers, user feedback and reputation are also important reference factors, and O2EMENG hyperbaric chambers may be widely praised for their good treatment effect and user experience.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

1. Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2. Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

Supercharged Oxygen

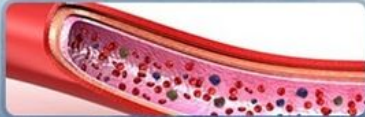

Increase the partial pressure of oxygen in the body.
The hyperbaric chamber can be raised to 30kpa.

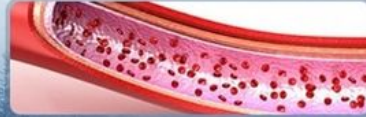

Increase blood oxygen saturation.
Oxygen intake is equivalent to more than 2 times that of normal breathing.

Increase the oxygen diffusion distance in the body.
Use the flow of lymph to increase blood flow.

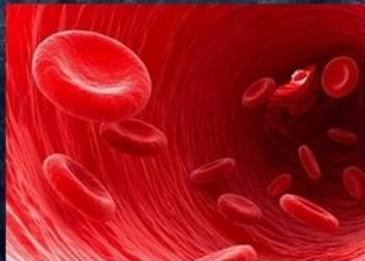

The blood vessel circulation in the human body under normal atmospheric pressure. Various factors impede flow.

Hyperbaric oxygen chamber speeds up human blood vessel circulation, promote blood flow.

Increases the partial pressure of oxygen in the blood, and improves the vascular transport and terminal arrival of oxygen.

Atmospheric Oxygen

At standard atmospheric pressure, blood vessels contain oxygen (atmospheric oxygen)

Supercharged Oxygen

In a hyperbaric oxygen environment, the blood vessels contain oxygen (high concentrations of oxygen)

Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.

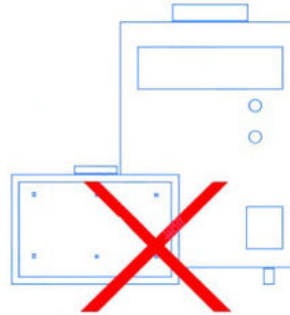

INTEGRATION OF SUPERCHARGING AND OXYGENATION

Overturn the complexity of traditional household
