Product Description

O2EMENG EMS02 Medical Oxygen Therapy Chamber / Hyperbaric Pressure Chamber for Rehabilitation

Product Description:

One of the best features of this product is its low noise level, which is less than 63 DB. This means that patients can enjoy a peaceful and comfortable experience during their treatment, without being disturbed by any unwanted noise.

The EMS02 Hyperbaric Oxygen Chamber is a medical-grade product that is specifically designed for medical and therapeutic use. It is an ideal solution for people who are suffering from a wide range of medical conditions, including arthritis, stroke, brain injury, and more. This product can help to accelerate the healing process and improve overall health and wellness.

The model EMS02 Hyperbaric Oxygen Chamber is designed to work at a working pressure of 1.2-1.4 ATA, which can be set according to the patient's needs. This means that patients can receive customized treatment to ensure that they receive the best possible results.

If you are looking for a high-pressure oxygen chamber that can provide high-quality hyperbaric oxygen treatment, then the EMS02 Hyperbaric Oxygen Chamber is the perfect choice for you. It is a reliable and effective product that can help to improve your health and wellbeing.

Features:

Product Name: Hyperbaric Oxygen Chamber

Also known as: HBOT chamber, Compression chamber for hyperbaric oxygen therapy

Pressure reduction time: 5-10 Mins

Working pressure: 1.2-1.4 ATA (can Be Set)

Total Weight: 83kgs

Oxygen concentration: ≥90%(can Be Set)

Noise Level: Less Than 63 DB

Technical Parameters:

Model:	EMS02
Usage:	Medical/Therapeutic
Function:	Hyperbaric Oxygen Therapy
Oxygen concentration:	≥90% (can be set)
Working pressure:	1.2-1.4 ATA (can be set)
Pressure reduction time:	5-10 mins
Noise level:	Less than 63 dB
Total weight:	83 kgs
Machine CTN size:	127*55*105cm
Properties:	Rehabilitation Therapy Supplies

Applications:

One of the main benefits of the O2EMENG EMS02 Hyperbaric Oxygen Chamber is its ability to improve oxygenation in the body. This can be especially useful for individuals who are recovering from injuries, surgery, or illness. The hyperbaric pressure chamber can also help to reduce inflammation, enhance circulation, and promote the growth of new blood vessels.

The O2EMENG EMS02 Hyperbaric Oxygen Chamber is perfect for a variety of medical and therapeutic applications. It can be used in hospitals, clinics, and rehabilitation centers to help patients recover from a wide range of conditions. Some of the most common applications for this product include:

Wound healing

Stroke recovery

Autism treatment

Cerebral palsy treatment

Sports injury recovery

Chronic fatigue syndrome treatment

The O2EMENG EMS02 Hyperbaric Oxygen Chamber is a high-quality product that is designed to meet the needs of both patients and medical professionals. It has a noise level of less than 63 DB, which makes it comfortable for patients to use. The machine CTN size is 127*55*105cm, which means it can be easily transported and stored when not in use.

If you're looking for a hyperbaric pressure chamber that is reliable, effective, and easy to use, the O2EMENG EMS02 Hyperbaric Oxygen Chamber is the perfect choice. Whether you're a medical professional looking to expand your treatment options or a patient looking for a way to accelerate your recovery, this HBOT chamber is the ideal solution.

Reasons to choose us:

1. Professionalism and authority:

As a manufacturer or brand of hyperbaric chamber, O2EMENG has rich industry experience and technology accumulation, and can provide professional and reliable hyperbaric oxygen therapy equipment.

Its products may have undergone stringent quality control and certification and comply with relevant industry standards to ensure safety and effectiveness in use.

2. Technological advancement:

O2EMENG hyperbaric chambers may adopt the latest technology and design concepts, such as air pressurization or pure oxygen pressurization technology, as well as advanced air supply and exhaust (oxygen) systems, air conditioning systems and control systems. These technologies can ensure that the human body can safely and effectively inhale a high concentration of oxygen in a high-pressure environment for therapeutic purposes.

3. User feedback and reputation:

When choosing hyperbaric chambers, user feedback and reputation are also important reference factors, and O2EMENG hyperbaric chambers may be widely praised for their good treatment effect and user experience.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

1. Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2. Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

Adapt to the crowd

Body easily fatigued

Work out

Working overtime and staying up late

Insomnia patients

Student population

Beauty-loving skincare crowd

Socializing drunk

Middle-aged and elderly

Sub-healthy population

SPORT & RECOVERY

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

BEAUTY & ANTI-AGING

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

CLINICAL

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

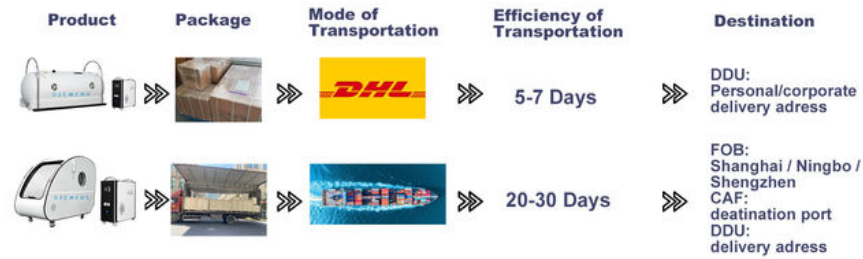

HOME CARE

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.

Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.
