

O2EMENG EMY03 Luxury Hyperbaric Oxygen Chamber for Medical Use

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

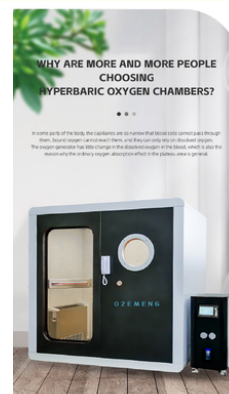

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMY03
- Minimum Order Quantity: 1PC
- Price: \$23500
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

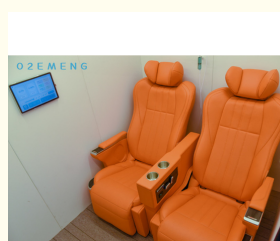

Product Specification

- Cabin Weight: 900KGS
- Function: Hyperbaric Oxygen Therapy
- Cabin Size: 220*150*190CM
- Working Pressure: 1.3ATA adjustable
- Model: EMY03
- Usage: Medical/Therapeutic
- Chamber Oxygen Concentration: 28% 32%
- Properties: Rehabilitation Therapy Supplies
- Highlight: medical hyperbaric oxygen chamber, medical oxygen hyperbaric chamber, 1.3ata hyperbaric oxygen chamber

Product Description

O2EMENG EMY03 Luxury Hyperbaric Oxygen Chamber for Medical Use

Product Description:

The Hyperbaric Oxygen Chamber is a durable and reliable chamber that weighs 900KGS. This chamber is designed to provide the optimal conditions for hyperbaric oxygen therapy. It features a comfortable and spacious cabin that can accommodate patients of all sizes. The chamber is equipped with a state-of-the-art oxygen delivery system that ensures a consistent and precise oxygen concentration of 28% 32%. This is the ideal oxygen concentration for hyperbaric therapy, as it provides maximum benefits while minimizing the risk of side effects.

The Hyperbaric Oxygen Chamber is a highly effective treatment for a wide variety of medical conditions. It works by exposing the body to high levels of oxygen, which promotes healing and regeneration of damaged tissues. Hyperbaric therapy is particularly effective for treating conditions such as traumatic brain injury, stroke, and chronic wounds. It is also used to treat a variety of other conditions, including autism, sports injuries, and chronic fatigue syndrome.

The Hyperbaric Oxygen Chamber is a safe and non-invasive treatment option. It is a natural therapy that does not involve any drugs or invasive procedures. The chamber is designed to be easy to use, with intuitive controls and a clear, easy-to-read display. Patients can relax comfortably inside the chamber while the therapy takes effect.

Overall, the Hyperbaric Oxygen Chamber is an excellent choice for anyone seeking a safe, effective, and non-invasive treatment for a variety of medical conditions. Whether you are recovering from a traumatic brain injury, dealing with chronic wounds, or simply looking to improve your overall health and wellness, the Hyperbaric Oxygen Chamber can help. So why wait? Invest in your health and wellbeing today with the Hyperbaric chamber of oxygen!

Technical Parameters:

Model	EMY03
Usage	Medical/Therapeutic
Noise Level	Less Than 63 DB
Properties	Rehabilitation Therapy Supplies
Cabin Size	220*150*190CM
Function	Hyperbaric Oxygen Therapy
Working Pressure	1.3ATA(adjustable)
Chamber Oxygen Concentration	28% 32%
Cabin Weight	900KGS

Applications:

The O2EMENG Hyperbaric Oxygen Chamber is a durable and reliable product that is perfect for use in hospitals, clinics, and other medical facilities. It is a safe and effective way to provide hyperbaric oxygen therapy to individuals who need it. This product is designed to be easy to use and is suitable for use by medical professionals.

The O2EMENG Hyperbaric Oxygen Chamber has a cabin weight of 900KGS and a cabin size of 220*150*190CM. The noise level of this product is less than 63 DB which makes it a quiet machine that can be used in any environment without causing disturbance. This product is ideal for use in a wide range of scenarios including:

- Rehabilitation centers
- Sports medicine clinics
- Wound care centers
- Hospitals
- Private clinics
- Home use

The O2EMENG Hyperbaric Oxygen Chamber is a versatile product that can be used to help treat a range of medical conditions. Hyperbaric oxygen therapy units are used to treat a variety of conditions including:

- Diabetic wounds
- Carbon monoxide poisoning
- Decompression sickness
- Gas gangrene
- Burns
- Necrotizing infections

The O2EMENG Hyperbaric Oxygen Chamber is a reliable and effective product that can help individuals recover faster from certain medical conditions. If you are looking for a high-quality hyperbaric oxygen therapy unit, then the O2EMENG Hyperbaric Oxygen Chamber model number EMY03 is definitely worth considering.

Advantage:

Intelligent Comfort Experience: Equipped with an intelligent chair and dual-screen control system, O2EMENG also features an intercom system that provides advanced comfort and ease of operation, allowing users to easily control and regulate the environment in the hyperbaric chamber.

Data Monitoring and Safety: O2EMENG is equipped with data monitoring functions such as temperature, humidity, pressure and oxygen concentration to ensure the stability and safety of the environment inside the hyperbaric chamber.

Automatic Pressure Reduction Technology: O2EMENG introduces China's first Automatic Pressure Reduction Technology in case of power failure, which is able to release the pressure automatically in case of power failure to ensure the safety and comfort of the users.

Antibacterial Decorative Material and Intelligent Control System: The interior decoration is made of antimicrobial panels, which helps to maintain the hygienic environment of the high-pressure room. In addition, it is equipped with IPAD intelligent control system, which makes the operation more intelligent and convenient.

These advantages make O2EMENG a high-pressure chamber product that combines advanced technology, safety and comfort, and is suitable for medical and scientific research fields, providing users with a safe and reliable experience.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal

condition and extend its lifespan. Our services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.

APPLICATION SCENARIO

MEDICAL INSTITUTION

OXYGEN BAR CLUB

ELDERLY CARE CENTER

FITNESS INDUSTRY

BEAUTY INDUSTRY

HOTEL

PLATEAU AREA

INDIVIDUAL FAMILY

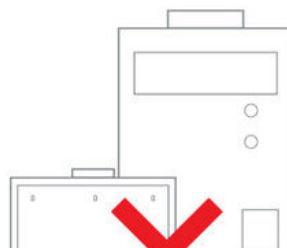

WORK PLACE

INTEGRATION OF SUPERCHARGING AND OXYGENATION

Overturn the complexity of traditional household

New hyperbaric oxygen equipment

Oxygen equipment
+
air power system
+
Air Cooler

Intelligent all in one machine, no need to operate three devices,
easy one-button operation saves time and effort.

Hd LCD screen

AI intelligent voice control system,
internal and external dualscreen control

Low tone and low noise

Multiple noise reduction technology is used to solve the noise problem from the two aspects of structure and material, and the noise is controlled within 63 decibels.

Extra large viewable window

Observe the cabin personnel at any time, full light to eliminate tension

Water air conditioner

The cooling and ventilation unit integrates the cooling and ventilation unit with stable airflow and comfortable body, long-lasting and durable, safe and non-toxic

CONCLUSION

It is more feasible to increase the dissolved oxygen in the blood. The hyperbaric oxygen chamber can maintain the oxygen partial pressure within a safe and effective range by flexibly adjusting the oxygen concentration or pressure, and gently and effectively improve the oxygen delivery to tissues and organs by increasing dissolved oxygen.

comfortable lying
adjustment
