

O2EMENG EMS04 1.3ATA Rehabilitation Hyperbaric Oxygen Chamber with Low Noise Level

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS04
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Noise Level: Less Than 63 DB
- Model: EMS04
- Properties: Rehabilitation Therapy Supplies
- Usage: Medical/Therapeutic
- Working Pressure: 1.3ATA
- Function: Hyperbaric Oxygen Therapy
- Machine CTN Size: 52*34*65cm
- Total Weight: 52kgs
- Highlight: 1.3ata hyperbaric oxygen chamber,
1.3ata oxygen hyperbaric chamber,
low noise hyperbaric oxygen chamber

Product Description

O2EMENG EMS04 1.3ATA Rehabilitation Hyperbaric Oxygen Chamber with Low Noise Level

Product Description:

The Hyperbaric Oxygen Chamber is designed to work at a pressure of 1.3ATA. This high-pressure oxygen chamber is made of high-quality materials and is designed to withstand the pressure of the therapy. The chamber has a total weight of 52kgs, making it easy to move around and transport. The machine CTN size is 52*34*65cm, which is compact and can be easily stored when not in use.

The EMS04 Hyperbaric Oxygen Chamber is suitable for medical and therapeutic use. It is a safe and effective way to deliver oxygen to the body at a cellular level. The chamber is easy to use and can be operated by a single person. The Hyperbaric Oxygen Chamber is a non-invasive therapy that can be used to treat a wide range of medical conditions.

In conclusion, the EMS04 Hyperbaric Oxygen Chamber is a high-quality decompression chamber for oxygen therapy. It is a safe and effective way to deliver oxygen to the body at a cellular level. This Hyperbaric oxygen treatment chamber is designed to work at a pressure of 1.3ATA, making it suitable for a wide range of medical conditions. The total weight of 52kgs and machine CTN size of 52*34*65cm make it easy to move around and transport. The Hyperbaric Oxygen Chamber is a non-invasive therapy that can be used to treat a wide range of medical conditions, making it an essential tool for any medical facility.

Technical Parameters:

Model	EMS04
Machine CTN size	52*34*65cm
Properties	Rehabilitation Therapy Supplies
Noise Level	Less Than 63 DB
Function	Hyperbaric Oxygen Therapy
Total Weight	52kgs
Working pressure	1.3ATA
Usage	Medical/Therapeutic
Oxygen concentration	≥90%(can Be Set)

Applications:

The O2EMENG Hyperbaric Oxygen Chamber (Model EMS04) is a high-pressure oxygen chamber that provides hyperbaric oxygen therapy for medical and therapeutic purposes. The product is designed and manufactured by SHENZHEN EMENG HEALTH, a trusted brand in rehabilitation therapy supplies. The machine CTN size measures 52*34*65cm, making it compact and easy to store.

Hyperbaric oxygen treatment is a type of therapy that involves breathing in pure oxygen in a compression chamber for hyperbaric oxygen therapy. The O2EMENG Hyperbaric Oxygen Chamber can provide an oxygen concentration of ≥90% (can be set), making it an effective treatment option for various medical conditions.

The product is suitable for a wide range of product application occasions and scenarios. It can be used in hospitals, clinics, therapy centers, and other medical facilities. The O2EMENG Hyperbaric Oxygen Chamber can also be used in home settings for individuals who require regular hyperbaric oxygen therapy.

The O2EMENG Hyperbaric Oxygen Chamber is ideal for individuals who suffer from various medical conditions such as burns, infections, and wounds. It is also effective in treating conditions such as decompression sickness, carbon monoxide poisoning, and radiation injury. Additionally, the product can be used to improve cognitive function and reduce the symptoms of autism, cerebral palsy, and multiple sclerosis.

The O2EMENG Hyperbaric Oxygen Chamber is easy to use and provides a safe and comfortable treatment environment. The working pressure of the chamber is 1.3ATA, making it an effective treatment option for a wide range of medical conditions. The product is suitable for individuals of all ages and can be customized to meet the specific needs of each patient.

In summary, the O2EMENG Hyperbaric Oxygen Chamber (Model EMS04) is a high-quality product that provides an effective treatment option for various medical conditions. The product is easy to use, safe, and provides a comfortable treatment environment. It is suitable for use in hospitals, clinics, therapy centers, and home settings. If you are looking for a reliable hyperbaric oxygen treatment chamber, the O2EMENG Hyperbaric Oxygen Chamber is an excellent choice.

Hyperbaric chambers are generally used in those scenarios:

- 1. Rehabilitation Therapy:** The O2EMENG EMS04 is a valuable tool for rehabilitation therapists who work with patients recovering

from a variety of injuries and illnesses. Hyperbaric therapy is known to accelerate the healing process and reduce inflammation, making it an ideal treatment for many conditions. The EMS04 model can be set to a working pressure of 1.3-1.5ATA, which is ideal for most rehabilitation applications.

2. Sports Medicine: Athletes who suffer from injuries or chronic pain can benefit from hyperbaric therapy in an oxygen-rich environment. The O2EMENG EMS04 Hyperbaric Oxygen Chamber provides the ideal conditions for this type of treatment, allowing athletes to recover faster and get back to their training routines more quickly.

3. Wellness Centers: Many wellness centers and spas offer hyperbaric oxygen therapy as a way to promote relaxation and stress relief. The EMS04 model is easy to use and can be set up quickly, making it an ideal option for these types of facilities.

4. Hospitals and Clinics: Hyperbaric therapy is often used in hospitals and clinics to treat a variety of conditions, including decompression sickness, carbon monoxide poisoning, and diabetic wounds. The O2EMENG EMS04 is a high-quality hyperbaric chamber of oxygen that can be used in these settings to provide effective treatment to patients.

5. Home Use: The O2EMENG EMS04 Hyperbaric Oxygen Chamber is also suitable for home use. With its compact size and easy-to-use controls, it can be set up in a spare room or garage, providing a convenient way for individuals to receive hyperbaric therapy on their own schedule.

No matter the occasion or scenario, the O2EMENG EMS04 Hyperbaric Oxygen Chamber is a reliable and effective solution for hyperbaric therapy. With its impressive features and high-quality construction, this hyperbaric chamber of oxygen is sure to meet the needs of a wide range of users. The machine CTN size is 127*55*105cm, and pressure reduction time is 5-10 Mins.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

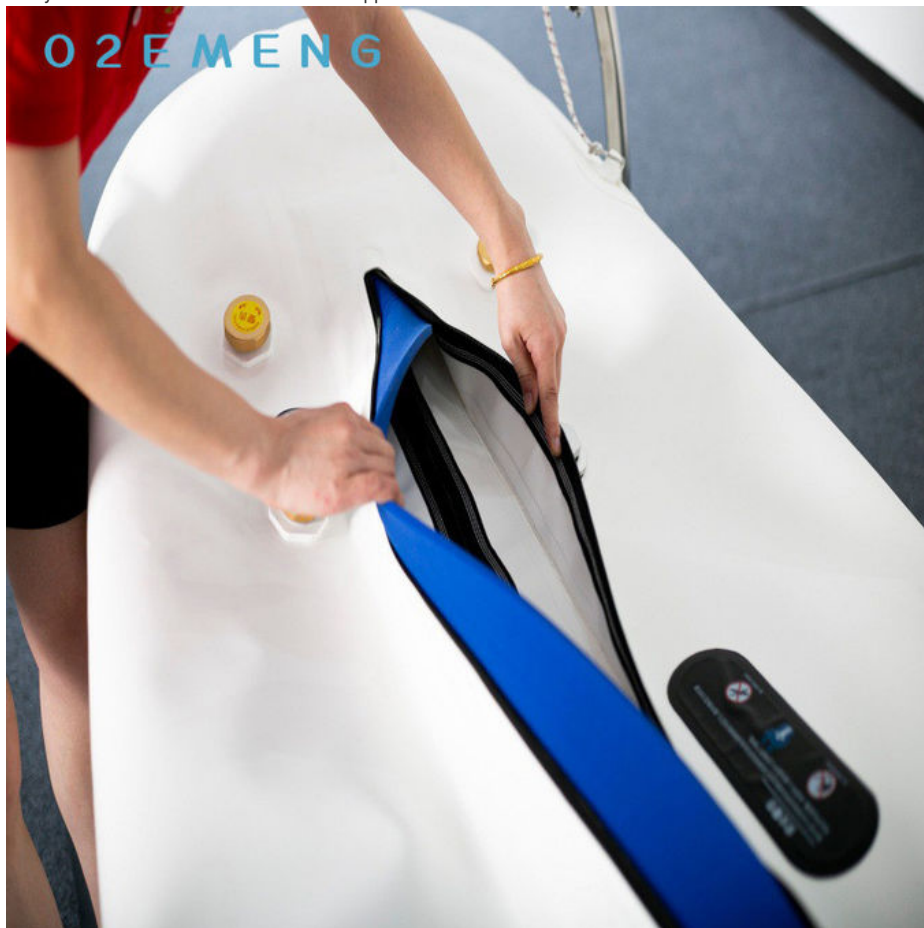

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

- Automatic disinfection and deodorization system.
- Built-in double massage chair.
- Inter and external system for two-way communications and control.
- Automatic air pressure control system,
- 4 large transparent viewing windows to prevent claustrophobia.
- Delivers 93% oxygen under pressure via an oxygen headset/facial mask.
- USB charging; warm white light; Scrub and disinfect upholstery.
- Ultra-quiet constant pressure valve.
- Air compressor oxygen concentrator cooler all in one

All In One(AIO)

Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.
