## Extensive Rehabilitation Therapy Hyperbaric Chamber 1.3ATA Low Noise Level

Our Product Introduction

For more products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS04
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Oxygen Concentration:  $\geq 90\%$  (can Be Set)
- Working Pressure: 1.3ATA
- Usage: Medical/Therapeutic
- Total Weight: 52kgs
- Properties: Rehabilitation Therapy Supplies
- Noise Level: Less Than 63 DB
- Model: EMS04
- Function: Hyperbaric Oxygen Therapy
- Highlight: **Rehabilitation Therapy Hyperbaric Chamber, Therapy Hyperbaric Chamber 1.3ATA**

## Product Description

### O2EMENG EMS04 Hyperbaric Chamber with Low Noise Level for Extensive Rehabilitation

#### Product Description:

One of the key features of the EMS04 Hyperbaric Oxygen Chamber is its noise level, which is less than 63 dB. This makes it one of the quietest HBOT chambers on the market, ensuring that you can relax and focus on your therapy without any distracting noise.

In addition to its low noise level, the EMS04 Hyperbaric Oxygen Chamber also offers a high oxygen concentration of  $\geq 90\%$ , which can be set to your desired level. This ensures that you are receiving the optimal amount of oxygen for your particular therapy needs.

As a rehabilitation therapy supply, the EMS04 Hyperbaric Oxygen Chamber is designed to provide a wide range of therapeutic benefits. From improving circulation and reducing inflammation to promoting healing and reducing pain, this chamber is an excellent choice for anyone looking to improve their overall health and wellbeing.

The total weight of the EMS04 Hyperbaric Oxygen Chamber is 52 kgs, making it easy to move and store when not in use. Its compact size and lightweight design make it an ideal choice for home use or for use in a clinical setting.

The EMS04 Hyperbaric Oxygen Chamber is a model that provides a safe and effective way to deliver hyperbaric oxygen therapy. It is a decompression chamber for oxygen therapy that is designed to meet the highest standards of safety and quality.

In conclusion, the EMS04 Hyperbaric Oxygen Chamber is an excellent choice for anyone interested in the benefits of hyperbaric oxygen therapy. With its low noise level, high oxygen concentration, and wide range of therapeutic benefits, this chamber is an ideal choice for anyone looking to improve their overall health and wellbeing.

#### Technical Parameters:

Product Attribute	Value
Model	EMS04
Function	Hyperbaric Oxygen Therapy
Properties	Rehabilitation Therapy Supplies
Usage	Medical/Therapeutic
Oxygen Concentration	$\geq 90\%$ (can be set)
Noise Level	Less than 63 DB
Working Pressure	1.3 ATA
Total Weight	52kgs
Machine CTN Size	52*34*65cm

#### Applications:

The EMS04 hyperbaric oxygen chamber is manufactured in SHENZHEN EMENG HEALTH and is a high-quality product that meets all relevant safety standards. It has a noise level of less than 63 DB, which ensures a comfortable treatment experience for patients. The total weight of the chamber is 52kgs, making it easy to move and store when not in use.

This compression chamber for hyperbaric oxygen therapy is ideal for a wide range of medical/therapeutic applications. It can be used to treat a variety of conditions, including wounds, burns, carbon monoxide poisoning, and decompression sickness. It can also be used to help with post-surgery recovery and to improve overall health and wellbeing.

The EMS04 hyperbaric oxygen chamber is easy to use and can be set to deliver oxygen concentrations of at least 90%. This makes it an effective tool for promoting healing and reducing inflammation in a wide range of scenarios. Some of the most common usage occasions and scenarios for this product include:

Medical clinics and hospitals  
Rehabilitation centers  
Sports training facilities  
Wellness centers and spas  
Home health care settings

Overall, the EMS04 hyperbaric oxygen chamber is a versatile and effective tool for delivering high concentrations of oxygen to patients in a controlled environment. Its ease of use, portability, and effectiveness make it an ideal choice for medical/therapeutic professionals in a wide range of settings.

## Advantage:

**HIGH OXYGEN CONCENTRATION:** The O2EMENG's adjustable oxygen concentration of 90% or more ensures that the user receives an adequate supply of oxygen even in high pressure environments, helping to alleviate the discomforts of altitude sickness or other low oxygen environments.

**RAPID PRESSURE REDUCTION:** The design of the O2EMENG allows it to rapidly reduce pressure within 15 minutes, effectively helping the user to adapt to changes in high pressure environments and minimizing or avoiding physical discomfort caused by pressure changes.

**HIGH QUALITY MATERIALS:** The O2EMENG is manufactured with YKK medical grade nylon zippers and medical grade TPU materials imported from Japan to ensure durability and safety.

**PORTABLE AND COMFORTABLE:** Designed for single person use, it is easy to carry and equipped with a metal stand, which makes O2EMENG stable in different environments and provides users with a comfortable high-pressure experience.

These advantages make the O2EMENG a safe and reliable choice in high voltage environments for users who need to enter high voltage environments for long periods of time or frequently.

## Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

- Automatic disinfection and deodorization system.
- Built-in double massage chair.
- Inter and external system for two-way communications and control.
- Automatic air pressure control system,
- 4 large transparent viewing windows to prevent claustrophobia.
- Delivers 93% oxygen under pressure via an oxygen headset/facial mask.
- USB charging; warm white light; Scrub and disinfect upholstery.
- Ultra-quiet constant pressure valve.
- Air compressor oxygen concentrator cooler all in one

## All In One(AIO)

### Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.
