

## EMS04 Hyperbaric Oxygen Therapy Chamber

Our Product Introduction

For products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS04
- Minimum Order Quantity: 1PC
- Price: \$3750
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Noise Level: Less Than 63 DB
- Usage: Medical/Therapeutic
- Working Pressure: 1.3-1.5ATA (can Be Set)
- Properties: Rehabilitation Therapy Supplies
- Machine CTN Size: 127\*55\*105cm
- Total Weight: 83kgs
- Model: EMS04
- Function: Hyperbaric Oxygen Therapy
- Highlight: 1.5ata hyperbaric oxygen chamber, medical hyperbaric oxygen chamber, 1.5ata hyperbaric oxygen therapy chamber

## Product Description

### EMS04 Hyperbaric Oxygen Therapy Chamber

#### Product Description:

With a total weight of 83kgs, this HBOT chamber is easy to move and can be set up in a variety of different locations. The machine CTN size measures 127\*55\*105cm, making it easy to store and transport as needed.

The working pressure for this hyperbaric pressure chamber is 1.3-1.5ATA, but can be set to meet the specific needs of each individual user. This makes it perfect for individuals who need a customized solution for their HBOT needs.

The EMS04 Hyperbaric Oxygen Chamber is an excellent rehabilitation therapy supply that can be used in a variety of settings, including hospitals, clinics, and even in the comfort of your own home. It is designed to provide a safe and effective way to administer hyperbaric oxygen therapy, which has been shown to have a variety of health benefits.

Whether you are recovering from an injury or illness, or simply looking to improve your overall health and well-being, the EMS04 Hyperbaric Oxygen Chamber can help. It is a reliable and effective tool for anyone seeking the benefits of hyperbaric oxygen therapy.

In conclusion, if you are looking for a high-quality hyperbaric pressure chamber that is designed to meet your specific needs, then look no further than the EMS04 Hyperbaric Oxygen Chamber. With its customizable working pressure, easy-to-move design, and effective therapy options, this HBOT chamber is the perfect solution for anyone seeking hyperbaric oxygen therapy.

#### Technical Parameters:

Product Attribute	Value
Model	EMS04
Function	Hyperbaric Oxygen Therapy
Properties	Rehabilitation Therapy Supplies
Usage	Medical/Therapeutic
Noise Level	Less Than 63 DB
Oxygen concentration	≥90%(can Be Set)
Working pressure	1.3-1.5ATA (can Be Set)
Total Weight	83kgs
Machine CTN size	127*55*105cm

#### Applications:

The O2EMENG Hyperbaric Oxygen Chamber (Model: EMS04) is used for a variety of medical/therapeutic applications. The hyperbaric pressure chamber is designed to provide a high concentration of oxygen to patients who are suffering from a variety of medical conditions.

This device is commonly used for the treatment of wounds, burns, and other injuries that require a high concentration of oxygen to heal.

The O2EMENG Hyperbaric Oxygen Chamber (Model: EMS04) is also used for the treatment of certain medical conditions such as carbon monoxide poisoning, decompression sickness, and other conditions that require the use of a hyperbaric pressure chamber. This device is also used for the treatment of neurological conditions such as cerebral palsy, stroke, and traumatic brain injury.

The O2EMENG Hyperbaric Oxygen Chamber (Model: EMS04) is commonly used in hospitals, clinics, and other medical facilities. This device is also used by professional athletes who are looking to improve their performance, as well as by individuals who are looking to improve their overall health and wellbeing.

The O2EMENG Hyperbaric Oxygen Chamber (Model: EMS04) is a highly effective and safe device that has been designed to provide a high concentration of oxygen in a hyperbaric pressure chamber. This device is easy to use and can be set to provide an oxygen concentration of ≥90%.

#### Advantage:

**Highly Adjustable Oxygen Concentration:** The O2EMENG can be adjusted to ensure that the oxygen concentration reaches or

exceeds 90%, adapting to the oxygen needs of different users and ensuring adequate oxygen supply, especially in high-pressure environments.

**Rapid Decompression Function:** The design allows O2EMENG to quickly reduce pressure within 5-10 minutes, effectively reducing the discomfort caused by high-pressure environments, and improving the user's adaptability and comfort.

**Intelligent Dual Screen Control System:** The O2EMENG is equipped with a dual screen intelligent control system, which provides a more convenient operating interface and function selection, allowing users to easily control and monitor various parameters during use.

**High-quality materials and design:** Imported from Japan, the O2EMENG is made of YKK medical-grade zippers and medical-grade TPU materials to ensure the durability and safety of the product. It is also equipped with metal bracket and customizable shell color to enhance the practicality and aesthetics of the product.

These advantages make the O2EMENG a safe and reliable choice in high-pressure environments, suitable for users who enter high-pressure environments for long periods of time or frequently, providing a comfortable and convenient experience.

## Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

- Automatic disinfection and deodorization system.
- Built-in double massage chair.
- Inter and external system for two-way communications and control.
- Automatic air pressure control system,
- 4 large transparent viewing windows to prevent claustrophobia.
- Delivers 93% oxygen under pressure via an oxygen headset/facial mask.
- USB charging; warm white light; Scrub and disinfect upholstery.
- Ultra-quiet constant pressure valve.
- Air compressor oxygen concentrator cooler all in one

## All In One(AIO)

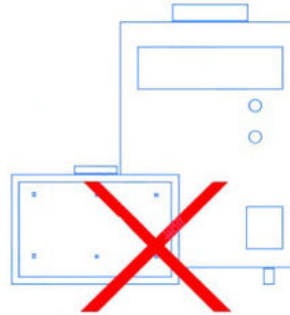

# INTEGRATION OF SUPERCHARGING AND OXYGENATION

Overtun the complexity of traditional household

New hyperbaric  
oxygen equipment

Oxygen equipment  
+  
air power system  
+  
Air Cooler

Intelligent All in one machine , no need to  
operate three devices,  
easy one-button operation saves time and effort.

## Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.
