

## Ultra Quiet 1.3ATA Monoplace Hyperbaric Oxygen Chamber EMS01 For Rehabilitation Therapy

Our Product Introduction

For products please visit us on [oxygenconcentratormedical.com](http://oxygenconcentratormedical.com)

### Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS01
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

### Product Specification

- Function: Hyperbaric Oxygen Therapy
- Machine CTN Size: 52\*34\*65cm
- Noise Level: Less Than 63 DB
- Total Weight: 52kgs
- Model: EMS01
- Properties: Rehabilitation Therapy Supplies
- Oxygen Concentration:  $\geq 90\%$  (can Be Set)
- Working Pressure: 1.3ATA
- Highlight: quiet hyperbaric oxygen chamber, quiet oxygen hyperbaric chamber, 1.3ata hyperbaric oxygen chamber

## Product Description

### Ultra Quiet 1.3ATA Monoplace Hyperbaric Oxygen Chamber EMS01 For Rehabilitation Therapy

#### Product Description:

With an oxygen concentration of  $\geq 90\%$  (can Be Set), the Hyperbaric Oxygen Chamber ensures that your body receives an ample supply of oxygen to aid in the healing and recovery process. This feature makes it one of the most effective decompression chambers for oxygen therapy out there.

The Hyperbaric Oxygen Chamber is also designed to be user-friendly and easy to operate. With a total weight of 52kgs, this unit is lightweight and portable, making it the perfect choice for home use or in a clinic setting. The machine CTN size of 52\*34\*65cm further adds to its portability.

The Hyperbaric Oxygen Chamber comes in the model EMS01 and is designed to provide you with the best possible hyperbaric oxygen therapy experience. Whether you're looking to improve your overall health or are recovering from an injury, the Hyperbaric Oxygen Chamber is the perfect choice for you.

#### Technical Parameters:

Oxygen concentration	$\geq 90\%$ (can Be Set)
Model	EMS01
Noise Level	Less Than 63 DB
Usage	Medical/Therapeutic
Properties	Rehabilitation Therapy Supplies
Total Weight	52kgs
Machine CTN size	52*34*65cm
Function	Hyperbaric Oxygen Therapy
Working pressure	1.3ATA

#### Applications:

The O2EMENG EMS01 Hyperbaric Oxygen Chamber is ideal for use in a variety of medical and therapeutic settings. This hyperbaric pressure chamber can be used in hospitals, clinics, and other medical facilities to provide patients with the advanced care they need to recover from a wide range of conditions.

The O2EMENG EMS01 Hyperbaric Oxygen Chamber is also perfect for use in home settings. This compact machine has a CTN size of 52\*34\*65cm, making it easy to store and transport. It is the perfect solution for patients who require regular oxygen therapy but don't want to travel to a medical facility for treatment.

The O2EMENG EMS01 Hyperbaric Oxygen Chamber is designed to deliver oxygen concentrations of at least 90%. This ensures that patients receive the high levels of oxygen they need to support the healing process. The machine can also be set to deliver higher oxygen concentrations if required.

Overall, the O2EMENG EMS01 Hyperbaric Oxygen Chamber is an advanced medical device that is perfect for patients who require oxygen therapy in a hyperbaric pressure chamber. Whether you are a medical professional looking for an advanced device to support patient care or a patient who requires regular oxygen therapy, the O2EMENG EMS01 Hyperbaric Oxygen Chamber is an excellent choice.

#### Advantage:

**Adjustable Oxygen Concentration:** O2EMENG provides an adjustable oxygen concentration that is guaranteed to be at least 90%, which is able to meet the oxygen needs of different users in high-pressure environments, and improves physical adaptability and comfort.

**Rapid Decompression Design:** The design allows O2EMENG to rapidly reduce pressure within 15 minutes, effectively minimizing the discomfort caused by high-pressure environments and helping users to quickly adapt to changes in the environment.

**QUALITY MATERIALS AND MANUFACTURING:** The O2EMENG is manufactured with YKK medical grade zippers and medical grade TPU materials imported from Japan to ensure the durability and safety of the product, allowing it to operate stably in a variety of environments.

**PORTABLE DESIGN AND METAL STAND:** Designed for single use and equipped with a metal stand, O2EMENG is more stable and convenient to carry and use, which is suitable for outdoor activities or prolonged use in high-pressure environments.

These advantages make the O2EMENG a safe, reliable, easy-to-operate, and comfortable choice for high-pressure environments, suitable for users who need to enter high-pressure environments for long periods of time or frequently.

## Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

**1.Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

**2.Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

**3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

**4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

WHY CHOOSE US

## Enterprise core competence

### Supply Support

We have passed CE ISO TUV international product quality system certification, and can provide you with the final technical solution for the oxygen generator.

### OEM/ODM Technical Support

We provide OEM/ODM services and professional technical support for any customers who send us samples of the products. We will design and develop better ones based on the samples. For every customer, we will choose the best fit material and also innovative material for their products.

### Service Team

We have a professional customer service team, 24\*7 service all day. Able to efficiently, quickly and professionally solve any customer problems.

### Quality Safety

We own professional quality management and process inspection team including incoming inspection, semi-finished products inspection, finished product inspection and pre-delivery inspection. Your satisfaction will be our honor.

### Professional Registration Department

One has a special professional registration department, which is in charge of domestic registration and overseas registration. We can help our current or potential customers to do the registration work. We have a good relationship with domestic famous institute who can provide us with authoritative medical analysis and authorization report.

### ONE Stop Supplier

We are a ONE stop supplier, we provide the accessories, device service and even solutions.
