

Silent Hyperbaric Oxygen Chamber For EMS Rehabilitation Therapy

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS01
- Minimum Order Quantity: 1PC
- Price: \$3750
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Properties: Rehabilitation Therapy Supplies
- Noise Level: Less Than 63 DB
- Model: EMS01
- Working Pressure: 1.3-1.5ATA (can Be Set)
- Machine CTN Size: 127*55*105cm
- Function: Hyperbaric Oxygen Therapy
- Total Weight: 83kgs
- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Highlight: 1.5ata hyperbaric oxygen chamber,
1.5ata oxygen hyperbaric chamber

Product Description

Silent Hyperbaric Oxygen Chamber For EMS Rehabilitation Therapy

Product Description:

The oxygen concentration of this hyperbaric oxygen therapy unit is set at a minimum of 90%, ensuring that patients receive a high-quality oxygen supply. The oxygen concentration can be easily adjusted to meet the specific needs of each individual patient, making this chamber a versatile solution for a variety of medical conditions.

With a machine CTN size of 127*55*105cm, the EMS01 Hyperbaric Oxygen Chamber is designed to be compact and easy to use. The chamber can be easily transported and set up in any medical facility, making it a convenient and cost-effective solution for healthcare providers.

The Hyperbaric Oxygen Chamber can provide a range of benefits for patients with a variety of medical conditions. This therapy unit is designed to help improve circulation, reduce inflammation, promote tissue regeneration and accelerate healing. Patients with chronic pain, neurological disorders, traumatic injuries and other conditions can benefit greatly from hyperbaric oxygen therapy treatment.

The working pressure of this hyperbaric oxygen therapy unit can be set between 1.3-1.5ATA, providing patients with a safe and effective level of pressure for their treatment. The pressure can be easily adjusted to meet the needs of each individual patient, making this chamber a versatile and effective solution for a variety of medical conditions.

Overall, the EMS01 Hyperbaric Oxygen Chamber is an excellent choice for healthcare providers looking for a high-quality, reliable and effective hyperbaric oxygen therapy unit. This chamber is designed to provide patients with a safe and comfortable way to receive hyperbaric oxygen therapy treatment, and can be easily adjusted to meet the specific needs of each individual patient. With its compact size, ease of use and versatile capabilities, the EMS01 Hyperbaric Oxygen Chamber is a must-have for any medical facility looking to offer the latest in hyperbaric oxygen therapy treatment.

Technical Parameters:

Product Attribute	Value
Model	EMS01
Working Pressure	1.3-1.5ATA (can Be Set)
Oxygen Concentration	≥90% (can Be Set)
Usage	Medical/Therapeutic
Function	Hyperbaric Oxygen Therapy
Total Weight	83kgs
Machine CTN Size	127*55*105cm
Properties	Rehabilitation Therapy Supplies
Noise Level	Less Than 63 DB

Applications:

The compression chamber for hyperbaric oxygen therapy is ideal for patients with a variety of medical conditions such as carbon monoxide poisoning, decompression sickness, and diabetic wounds. This product can also be used to treat a range of other medical conditions such as autism, cerebral palsy, and multiple sclerosis.

The HBOT chamber is manufactured in SHENZHEN EMENG HEALTH and is designed to meet the highest quality standards. The oxygen concentration in this chamber can be set to a minimum of 90%, ensuring that patients receive the necessary amount of oxygen to treat their medical conditions.

The O2EMENG Hyperbaric Oxygen Chamber EMS01 has a machine CTN size of 127*55*105cm, making it easy to transport and store. The total weight of the chamber is 83kgs, making it lightweight and easy to move around.

The HBOT chamber has a noise level of less than 63 DB, ensuring that patients are comfortable during their treatment. This product is ideal for hospitals, clinics, and other medical facilities that require a reliable and effective hyperbaric oxygen therapy chamber.

Advantage:

ADJUSTABLE OXYGEN CONCENTRATION: The O2EMENG allows the user to set the oxygen concentration as needed to ensure that it meets or exceeds 90%, adapting to the oxygen needs of different users and providing an adequate supply of oxygen, especially in high-pressure environments.

Rapid Pressure Relief: The design allows the O2EMENG to rapidly reduce pressure within 5-10 minutes, helping the user to quickly adapt to changes in pressure, reducing discomfort and stress reactions.

INTELLIGENT DUAL SCREEN CONTROL SYSTEM: The O2EMENG is equipped with a dual screen intelligent control system that provides an intuitive user interface and efficient function selection, allowing the user to easily control the device's operating status and adjust the set parameters.

High-quality materials and design: Made of medical-grade TPU material and equipped with YKK medical-grade zippers imported from Japan to ensure product durability and safety. In addition, the metal bracket and customizable shell color enhance the practicality and aesthetics of the product.

These advantages make the O2EMENG a safe, smart and convenient choice for users in high-pressure environments, suitable for users who enter high-pressure environments for long periods of time or frequently, providing a reliable supply of oxygen and a comfortable use experience.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.

Supercharged Oxygen

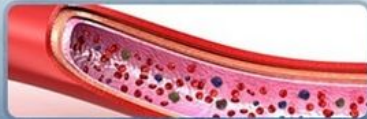

Increase the partial pressure of oxygen in the body.
The hyperbaric chamber can be raised to 30kpa.

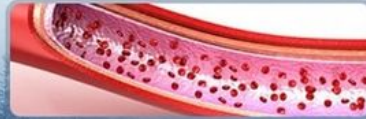

Increase blood oxygen saturation.
Oxygen intake is equivalent to more than 2 times that of normal breathing.

Increase the oxygen diffusion distance in the body.
Use the flow of lymph to increase blood flow.

The blood vessel circulation in the human body under normal atmospheric pressure. Various factors impede flow.

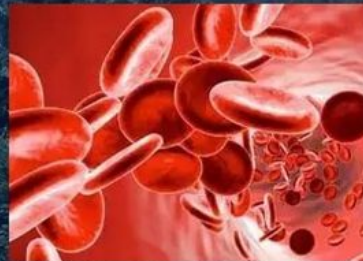

Hyperbaric oxygen chamber speeds up human blood vessel circulation, promote blood flow.

Increases the partial pressure of oxygen in the blood, and improves the vascular transport and terminal arrival of oxygen.

Atmospheric Oxygen

At standard atmospheric pressure, blood vessels contain oxygen (atmospheric oxygen)

Supercharged Oxygen

In a hyperbaric oxygen environment, the blood vessels contain oxygen (high concentrations of oxygen)

Hyperbaric Oxygen And Anti-aging

Scientists at Tel Aviv University in Israel have targeted the use of a method called "hyperbaric oxygen therapy" to stop the shortening of telomeres and the aggregation of senescent cells as humans age.

WHY CHOOSE US

Enterprise core competence

Supply Support

We have passed CE/ISO 13485 international product quality system certification, and can provide you with the final technical solution for the oxygen generator.

OEM/ODM Technical Support

We provide OEM/ODM services and professional technical support for any customers who send us samples of the products. We will design and develop better ones based on the samples. For every customer we will choose the best fit material and also innovative material for their products.

Service Team

We have a professional customer service team, 24/7 service all day. Able to efficiently, quickly and professionally solve any customer problems.

Quality Safety

We own professional quality management and process inspection team including incoming inspection, semi-finished products inspection, finished product inspection and pre-delivery inspection. Your satisfaction will be our honor.

Professional Registration Department

We have an special professional registration department, which is charge of domestic registration and overseas registration. We can help our current or potential customers to do the registration work. We have a good relation with domestic famous institute who can provide us with authoritative medical analysis and authorization report.

ONE Stop Supplier

We are a ONE stop supplier, we provide the accessories, device service and even solutions.
