

Modern Hyperbaric Pressure Chamber 1.3ATA Working Pressure With Low Noise

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS03
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Working Pressure: 1.3ATA
- Function: Hyperbaric Oxygen Therapy
- Usage: Medical/Therapeutic
- Noise Level: Less Than 63 DB
- Properties: Rehabilitation Therapy Supplies
- Model: EMS03
- Oxygen Concentration: ≥90%(can Be Set)
- Total Weight: 52kgs
- Highlight: **Modern Hyperbaric Pressure Chamber ,
Hyperbaric Pressure Chamber 1.3ATA**

Product Description

Modern Hyperbaric Pressure Chamber 1.3ATA Working Pressure with Low Noise

Product Description:

The Hyperbaric Oxygen Chamber features an oxygen concentration of at least 90%, which can be set according to the patient's needs. This ensures that patients receive the maximum benefits from the hyperbaric oxygen treatment. The Model EMS03 is a reliable and efficient hyperbaric oxygen treatment chamber that is perfect for medical clinics and hospitals.

Hyperbaric oxygen therapy is a medical treatment that involves breathing in pure oxygen in a pressurized chamber. This therapy is used to treat a variety of medical conditions, including decompression sickness, carbon monoxide poisoning, and wounds that do not heal. The Hyperbaric Oxygen Chamber provides a safe and effective way to administer hyperbaric oxygen therapy to patients.

The Hyperbaric Oxygen Chamber is easy to use and comes with a user-friendly control panel. This

Our Product Introduction

allows medical professionals to easily adjust the oxygen concentration and pressure levels according to the patient's needs. The chamber is also equipped with safety features, including an emergency stop button and pressure relief valve.

The Hyperbaric Oxygen Chamber is made from high-quality materials and is designed to last for many years. This product is backed by a warranty and excellent customer support. With its compact size and advanced features, the Hyperbaric Oxygen Chamber is the perfect solution for medical clinics and hospitals that need a reliable and efficient hyperbaric oxygen treatment chamber.

Technical Parameters:

| | |
|----------------------|---------------------------------|
| Function | Hyperbaric Oxygen Therapy |
| Properties | Rehabilitation Therapy Supplies |
| Oxygen concentration | ≥90%(can Be Set) |
| Working pressure | 1.3ATA |
| Machine CTN size | 52*34*65cm |
| Noise Level | Less Than 63 DB |
| Model | EMS03 |
| Total Weight | 52kgs |
| Usage | Medical/Therapeutic |

This product is a hyperbaric oxygen chamber, also known as a decompression chamber for oxygen therapy or a compression chamber for hyperbaric oxygen therapy.

Applications:

With a model number of EMS03, this hyperbaric oxygen treatment chamber is manufactured in SHENZHEN EMENG HEALTH, ensuring that it meets the highest standards of quality and safety. Its compact size of 52*34*65cm makes it easy to transport and store, while its total weight of 52kgs ensures that it is sturdy and stable during use.

The O2EMENG EMS03 Hyperbaric Oxygen Chamber is specifically designed for hyperbaric oxygen therapy, which involves breathing pure oxygen in a pressurized environment. This therapy has been shown to improve a wide range of medical conditions, including chronic wounds, carbon monoxide poisoning, and decompression sickness.

Thanks to its working pressure of 1.3ATA, this hyperbaric oxygen therapy unit can deliver the optimal level of oxygen to the body, promoting faster healing and recovery. It is ideal for use in hospitals, clinics, and rehabilitation centers, as well as for home use by patients who require ongoing treatment.

Whether you are a healthcare professional looking for a reliable hyperbaric oxygen treatment chamber for your patients, or a patient seeking an effective solution for your medical condition, the O2EMENG EMS03 Hyperbaric Oxygen Chamber is the perfect choice for you. With its advanced features, high-quality construction, and versatile applications, this product is sure to exceed your expectations and deliver the results you need.

Advantage:

ADJUSTABLE HIGH OXYGEN CONCENTRATION: The O2EMENG provides an adjustable oxygen concentration to ensure a minimum of 90%, allowing the user to tailor the oxygen supply to specific needs, adapting to different environments and individual requirements.

RAPID PRESSURE RELEASE: The design of the O2EMENG allows the pressure to be quickly reduced within 15 minutes, effectively helping the user to quickly adapt to changes in the environment from high pressure environments and minimizing discomfort.

QUALITY MATERIALS AND MANUFACTURING: The O2EMENG is manufactured using medical grade TPU material and equipped with YKK medical grade zippers imported from Japan to ensure durability and safety, ensuring reliable use in a variety of conditions.

PORTABILITY AND STABLE SUPPORT: Designed for single-person use and equipped with a metal stand, which makes O2EMENG more stable and convenient to carry and use, suitable for outdoor activities or prolonged use.

These advantages make O2EMENG a safe and reliable product suitable for prolonged or frequent use in high-pressure environments, providing a stable oxygen supply and a comfortable use experience.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it. Our technical support services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

Adapt to the crowd

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

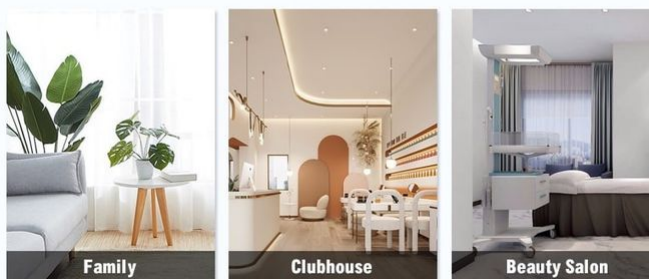

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.

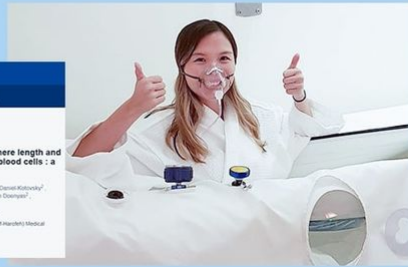

The Use of Hyperbaric Oxygen Chamber

Always prepare at home, say goodbye to sub-health

Hyperbaric Oxygen And Anti-aging

Scientists at Tel Aviv University in Israel have targeted the use of a method called "hyperbaric oxygen therapy" to stop the shortening of telomeres and the aggregation of senescent cells as humans age.
