Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS03
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Working Pressure: 1.3ATA
- Function: Hyperbaric Oxygen Therapy
- Model: EMS03
- Machine CTN Size: 52*34*65cm
- Properties: Rehabilitation Therapy Supplies
- Total Weight: 52kgs
- Noise Level: Less Than 63 DB
- Oxygen Concentration: ≥90%(can Be Set)
- Highlight: 1.3ata hyperbaric oxygen chamber, 1.3ata oxygen hyperbaric chamber, 52kgs hyperbaric oxygen chamber

Product Description

1.3ATA Hyperbaric Oxygen Chamber with 90% Oxygen Concentration / Rehabilitation Therapy Supplies

Product Description:

The Hyperbaric Oxygen Chamber is compact and easy to use, with a machine CTN size of 52*34*65cm and total weight of 52kgs. The chamber is designed to provide a working pressure of 1.3ATA, which is ideal for most hyperbaric oxygen therapy applications.

Hyperbaric oxygen therapy is a proven treatment for a variety of conditions, including wound healing, chronic pain, and neurological conditions. The Hyperbaric Oxygen Chamber is designed to provide safe and effective HBOT in a comfortable and convenient environment. The chamber is equipped with a variety of features to ensure safety and comfort, including an emergency pressure release valve and an easy-to-use control panel.

The Hyperbaric Oxygen Chamber is designed to be easy to use, with simple controls and intuitive operation. The chamber is also designed to be portable, with a lightweight and compact design that makes it easy to move and store. Whether you're using the chamber at home, in a clinic, or in a hospital setting, the Hyperbaric Oxygen Chamber is the ideal choice for safe and effective hyperbaric oxygen therapy.

So if you're looking for a high-quality HBOT chamber that is safe, effective, and easy to use, look no further than the Hyperbaric Oxygen Chamber from EMS Wellness Group. With its compact design, ease of use, and proven effectiveness, this chamber is the perfect choice for anyone seeking hyperbaric oxygen therapy.

Technical Parameters:

Function:	Hyperbaric Oxygen Therapy
Machine CTN size:	52*34*65cm
Total Weight:	52kgs
Oxygen concentration:	≥90%(can Be Set)
Noise Level:	Less Than 63 DB
Model:	EMS03
Usage:	Medical/Therapeutic
Properties:	Rehabilitation Therapy Supplies
Working pressure:	1.3ATA

Applications:

The hyperbaric oxygen chamber is used for a wide range of medical conditions. It can help with wound healing, decompression sickness, air embolism, carbon monoxide poisoning, and more. The chamber is also used for anti-aging and wellness purposes. The hyperbaric oxygen therapy is a non-invasive treatment that involves breathing pure oxygen in a pressurized chamber.

The O2EMENG EMS03 High-pressure oxygen chamber is suitable for use in hospitals, clinics, and wellness centers. The product is also ideal for home use for those who want to enjoy the benefits of hyperbaric oxygen therapy in the comfort of their own home. The high-pressure oxygen chamber can be used by people of all ages, from children to seniors.

One of the advantages of the high-pressure oxygen chamber is that it is easy to use. The chamber is equipped with a user-friendly control system that allows the user to adjust the pressure and oxygen flow rate. The product is also designed to be easy to clean and maintain, ensuring that it stays in good condition for a long time.

The O2EMENG EMS03 High-pressure oxygen chamber is a high-quality product that is built to last. It is a reliable and effective tool for hyperbaric oxygen therapy. The product's properties of Rehabilitation Therapy Supplies make it an ideal addition to any medical facility or wellness center.

Advantage:

ADJUSTABLE HIGH OXYGEN CONCENTRATION: The O2EMENG provides an adjustable oxygen concentration to ensure a minimum of 90%, allowing the user to tailor the oxygen supply to specific needs, adapting to different environments and individual requirements.

RAPID PRESSURE RELEASE: The design of the O2EMENG allows the pressure to be quickly reduced within 15 minutes, effectively helping the user to quickly adapt to changes in the environment from high pressure environments and minimizing discomfort.

QUALITY MATERIALS AND MANUFACTURING: The O2EMENG is manufactured using medical grade TPU material and equipped

with YKK medical grade zippers imported from Japan to ensure durability and safety, ensuring reliable use in a variety of conditions.

PORTABILITY AND STABLE SUPPORT: Designed for single-person use and equipped with a metal stand, which makes O2EMENG more stable and convenient to carry and use, suitable for outdoor activities or prolonged use.

These advantages make O2EMENG a safe and reliable product suitable for prolonged or frequent use in high-pressure environments, providing a stable oxygen supply and a comfortable use experience.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

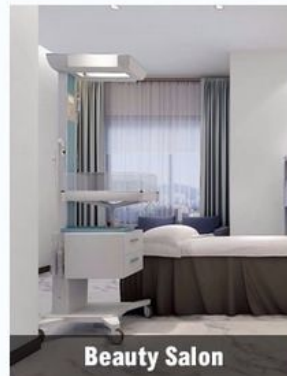

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.

The Use of Hyperbaric Oxygen Chamber

Always prepare at home, say goodbye to sub-health

Adapt to the crowd

Body easily fatigued

Work out

Working overtime and staying up late

Insomnia patients

Student population

Beauty-loving skincare crowd

Socializing drunk

Middle-aged and elderly

Sub-healthy population

SPORT & RECOVERY

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

BEAUTY & ANTI-AGING

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

CLINICAL

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

HOME CARE

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.

Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.
