

Ultra Silent Hyperbaric Chamber for Oxygen Therapy

Our Product Introduction

For more products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS03
- Minimum Order Quantity: 1PC
- Price: \$3750
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Noise Level: Less Than 63 DB
- Usage: Medical/Therapeutic
- Machine CTN Size: 127*55*105cm
- Function: Hyperbaric Oxygen Therapy
- Total Weight: 83kgs
- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Working Pressure: 1.3-1.5ATA (can Be Set)
- Properties: Rehabilitation Therapy Supplies
- Highlight: 1.5ata hyperbaric oxygen chamber, 1.5ata oxygen hyperbaric chamber, medical hyperbaric oxygen chamber

Product Description

Ultra Silent Hyperbaric Chamber for Oxygen Therapy

Product Description:

One of the main attributes of this product is its ability to provide an oxygen concentration of at least 90%, which can be set according to the patient's needs. This high concentration of oxygen is essential for promoting healing and reducing inflammation in the body.

As a rehabilitation therapy supply, the Hyperbaric Oxygen Chamber is an ideal tool for individuals recovering from injuries or surgeries. It can also benefit those suffering from chronic pain, arthritis, or other medical conditions that impact their quality of life.

The machine CTN size of 127*55*105cm makes it a compact and convenient option for use in medical facilities or even at home. With a working pressure of 1.3-1.5ATA, which can also be set, it provides a safe and controlled environment for patients to receive their hyperbaric oxygen therapy.

Overall, the Hyperbaric Oxygen Chamber is an effective and practical solution for those seeking the benefits of hyperbaric oxygen therapy. Its ability to provide a high concentration of oxygen in a pressurized environment makes it an ideal choice for promoting healing and reducing inflammation. As a rehabilitation therapy supply, it offers a safe and convenient option for patients to receive their treatment in the comfort of their own home or in a medical facility.

Technical Parameters:

Function	Hyperbaric Oxygen Therapy
Working pressure	1.3-1.5ATA (can Be Set)
Model	EMS03
Total Weight	83kgs
Usage	Medical/Therapeutic
Oxygen concentration	≥90%(can Be Set)
Noise Level	Less Than 63 DB
Properties	Rehabilitation Therapy Supplies
Machine CTN size	127*55*105cm

Applications:

The EMS03 model is perfect for use in a variety of medical scenarios. It can be used for wound healing, sports medicine, and even post-operative recovery. The pressurized oxygen chamber is designed to deliver oxygen to the body at a higher concentration, which can help to promote healing and reduce inflammation.

In addition to its therapeutic uses, the EMS03 model is also suitable for use in beauty and wellness settings. The chamber can be used to help improve skin tone and texture, reduce the appearance of fine lines and wrinkles, and even help with weight loss.

The O2EMENG EMS03 Hyperbaric Oxygen Treatment Chamber is also incredibly easy to use. It features a user-friendly interface that allows for easy adjustment of pressure and temperature. In addition, the machine operates at a noise level of less than 63 dB, making it suitable for use in a variety of settings.

If you're looking for a top-of-the-line pressurized oxygen chamber, the O2EMENG EMS03 Hyperbaric Oxygen Treatment Chamber is an excellent choice. With its high-quality construction and versatile applications, it's sure to meet the needs of a wide range of users.

Advantages:

1. Efficient Oxygen Concentration: O2EMENG can provide at least 90% oxygen concentration, and this concentration can be set according to the need to ensure that the user gets enough oxygen support.

2. QUALITY MATERIALS & DESIGN: Manufactured with medical grade TPU material combined with imported Japanese YKK zippers to ensure durability and safety. This design takes into account the need for reliability in long-term use and various environmental conditions.

3. INTELLIGENT CONTROL SYSTEM: Equipped with dual-screen intelligent controls to provide a more intuitive and convenient operating experience. Users can easily adjust oxygen concentration and other parameters through these control interfaces to meet individual needs.

4. PORTABILITY & COMFORT: Designed for single-person use, the combination of a metal stand and customizable cover color not

only makes it easy to carry, but also provides a comfortable experience in use. In addition, the O2EMENG has a fast pressure reduction time, taking only 5-10 minutes to reach the set working pressure, allowing users to enjoy the benefits of oxygen therapy more quickly.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal condition and extend its lifespan. Our services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.
