

Therapeutic Hyperbaric Oxygen Chamber with Low Noise Level

Our Product Introduction

For more products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$2650
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

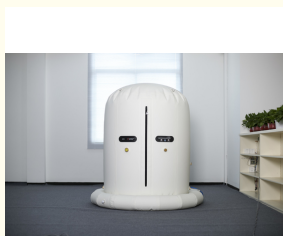

Product Specification

- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Properties: Rehabilitation Therapy Supplies
- Total Weight: 52kgs
- Function: Hyperbaric Oxygen Therapy
- Usage: Medical/Therapeutic
- Noise Level: Less Than 63 DB
- Machine CTN Size: 52*34*65cm
- Working Pressure: 1.2ATA
- Highlight: therapeutic hyperbaric oxygen chamber, therapeutic oxygen hyperbaric chamber, low noise hyperbaric oxygen chamber

Product Description

Therapeutic Hyperbaric Oxygen Chamber with Low Noise Level

Product Description:

Hyperbaric oxygen therapy is an effective treatment for a wide range of medical conditions, including decompression sickness, carbon monoxide poisoning, and wound healing. The Hyperbaric Oxygen Chamber is a safe and effective way to deliver hyperbaric oxygen therapy in a controlled environment.

The machine CTN size for the Hyperbaric Oxygen Chamber is 52*34*65cm, making it compact and easy to store. The model number for this hyperbaric chamber of oxygen is EMS02.

Overall, the Hyperbaric Oxygen Chamber is a valuable asset for any medical facility that provides hyperbaric oxygen therapy. It is a safe, effective, and reliable way to deliver pure oxygen at high pressure, and its compact size makes it easy to store and transport.

Technical Parameters:

Model	EMS02
Noise Level	Less Than 63 DB
Machine CTN size	52*34*65cm
Working pressure	1.2ATA
Usage	Medical/Therapeutic
Properties	Rehabilitation Therapy Supplies
Function	Hyperbaric Oxygen Therapy
Oxygen concentration	≥90% (can be set)
Total Weight	52kgs

Applications:

The O2EMENG EMS02 Hyperbaric Oxygen Therapy Chamber is suitable for a wide range of applications. It is a perfect fit for medical facilities, hospitals, and clinics. It can be used for treating patients with a variety of medical conditions such as chronic pain, wounds, infections, and even neurological disorders. The oxygen therapy chamber is also useful for athletes and individuals who are looking to improve their performance, speed up their recovery, and reduce fatigue.

The pressurized oxygen chamber is designed to provide a comfortable and safe environment for patients. It is equipped with a control panel that allows you to adjust the oxygen concentration to a minimum of 90%. This feature makes the O2EMENG EMS02 Hyperbaric Oxygen Therapy Chamber ideal for patients who require high levels of oxygen therapy.

The compact size of the O2EMENG EMS02 Hyperbaric Oxygen Therapy Chamber makes it easy to move and store. The machine CTN size is 52*34*65cm, which means it can be easily transported from one location to another. The oxygen therapy chamber is also easy to set up and use, which makes it a great option for medical professionals who need a device that is efficient and reliable.

In conclusion, the O2EMENG EMS02 Hyperbaric Oxygen Therapy Chamber is an excellent investment for medical professionals and individuals seeking high-quality oxygen therapy. It is a pressurized oxygen chamber that is easy to use, compact, and versatile. Whether you are a medical professional or an athlete looking for a way to improve your performance, the O2EMENG EMS02 Hyperbaric Oxygen Therapy Chamber is a must-have device.

Advantage:

EFFICIENT OXYGEN CONCENTRATION & ADJUSTABILITY: The O2EMENG is capable of delivering an oxygen concentration of at least 90% and can be adjusted to suit individual needs. This ability ensures that users have the proper oxygen concentration to support their health needs in a variety of situations.

QUALITY MATERIALS & DURABLE DESIGN: Manufactured with medical grade TPU material combined with imported Japanese YKK zippers to ensure durability and safety. This design not only takes into account the stability of long-term use, but also provides the high quality standards that users have come to expect.

FAST PRESSURE REDUCTION TIME: The O2EMENG features a fast pressure reduction time that takes only 15 minutes to reach the set working pressure. This fast response time allows users to enjoy the benefits of oxygen therapy more quickly, enhancing the usefulness and convenience of the product.

PORTABILITY & COMFORTABLE EXPERIENCE: Designed to be used by a single person and equipped with a metal stand, making the product more stable and easy to carry. In addition, the 5L oxygen generator ensures sufficient oxygen supply and the color of the outer cover can be customized, further adding to the personalization and comfort of the product.

These advantages make O2EMENG a trusted choice for reliable oxygen therapy solutions in both medical settings and for personal use.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal condition and extend its lifespan. Our services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.

- Automatic disinfection and deodorization system.
- Built-in double massage chair.
- Inter and external system for two-way communications and control.
- Automatic air pressure control system,
- 4 large transparent viewing windows to prevent claustrophobia.
- Delivers 93% oxygen under pressure via an oxygen headset/facial mask.
- USB charging;warm white light;Scrub and disinfect upholstery.
- Ultra-quiet constant pressure valve.
- Air compressor oxygen concentrator cooler all in one

All In One(AIO)

APPLICATION OF HYPERBARIC OXYGEN THERAPY

Beauty & wellness:

HBOT helps rejuvenate your skin. During a hyperbaric oxygen therapy session inside a pressurized chamber, the body receives pure oxygen at higher atmospheric pressure to boost the flow of oxygen into the circulatory systems.

Sports:

HBOT for professional sports has become one of the most effective methods for athlete recovery. Supplementing oxygen intake at higher atmospheric pressure inside a hyperbaric chamber is known to naturally accelerate healing times to treat sports injuries and allow injured athletes to recover faster and reduce the risk of re-injury.

Wounds and burns:

Healing Wounds need oxygen to heal naturally and hyperbaric oxygen therapy has been successfully used as complementary therapy for wound healing. Used as complementary treatment, Hyperbaric Oxygen Therapy can help decrease mortality and reduce the need for surgery for mild to severely burned patients.

Anti-aging:

Hyperbaric Oxygen Therapy for Elderly Patients Inside the hyperbaric chamber, a patient will absorb oxygen close to four times the normal breathing conditions. Oxygen controls most of the body's processes, including the immune system. Lack of oxygen can lead to a vulnerable immune response, increased fatigue and eventually hypoxia.

Our certificate

We present the strong quality commitment and we have gone through hard work to be able to offer this health equipment at an accessible price for the first time in the world.
