

EMS02 Hyperbaric Chamber For Home Medical Oxygen Therapy Session

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

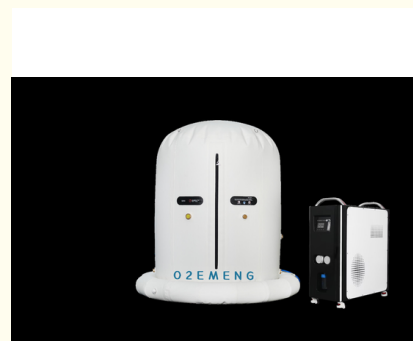

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS02
- Minimum Order Quantity: 1PC
- Price: \$4050
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Total Weight: 83kgs
- Function: Hyperbaric Oxygen Therapy
- Working Pressure: 1.2-1.4 ATA (can Be Set)
- Noise Level: Less Than 63 DB
- Model: EMS02
- Usage: Medical/Therapeutic
- Machine CTN Size: 127*55*105cm
- Oxygen Concentration: $\geq 90\%$ (can Be Set)
- Highlight: medical hyperbaric oxygen chamber, medical oxygen hyperbaric chamber, therapeutic hyperbaric oxygen chamber

Product Description

EMS02 Hyperbaric Chamber For Home Medical Oxygen Therapy Session

Product Description:

This HBOT chamber is equipped with features that make it easy to use and highly reliable. One of its key features is the ability to set the oxygen concentration to $\geq 90\%$, which allows the chamber to deliver high-quality oxygen to patients. This feature can be particularly useful for individuals who are experiencing respiratory difficulties or need an oxygen boost.

The EMS02 Hyperbaric Oxygen Chamber has a machine CTN size of 127*55*105cm, making it compact and easy to store when not in use. Despite its small size, it is highly efficient and can deliver the necessary pressure and oxygen concentration that patients require.

The Hyperbaric Oxygen Chamber is suitable for use in medical and therapeutic settings. It can be used to help treat a variety of conditions, including chronic pain, sports injuries, and even certain neurological disorders. By exposing the body to hyperbaric pressure, the chamber can help improve circulation and promote faster healing.

The EMS02 model of the Hyperbaric Oxygen Chamber is designed with low noise levels in mind. It produces less than 63 DB, ensuring that patients can relax and comfortably receive treatment without being disturbed by loud noises.

In summary, the EMS02 Hyperbaric Oxygen Chamber is an effective and reliable product that delivers high-quality oxygen at a higher pressure than what is normally found in the atmosphere. Its compact size, ease of use, and ability to set the oxygen concentration make it an ideal choice for medical and therapeutic settings. Its low noise levels ensure that patients can receive treatment in a comfortable and relaxing environment. If you are looking for a hyperbaric pressure chamber that can help improve your overall wellness and health, the EMS02 Hyperbaric Oxygen Chamber is an excellent choice.

Technical Parameters:

Usage	Medical/Therapeutic
Oxygen concentration	$\geq 90\%$ (can be set)
Total Weight	83kgs
Machine CTN size	127*55*105cm
Model	EMS02
Properties	Rehabilitation Therapy Supplies
Function	Hyperbaric Oxygen Therapy
Noise Level	Less Than 63 DB
Working pressure	1.2-1.4 ATA (can be set)

This is a hyperbaric oxygen therapy unit, also known as a pressurized oxygen chamber or oxygen therapy chamber.

Applications:

The O2EMENG Hyperbaric Oxygen Chamber is specifically designed for medical and therapeutic usage. It is ideal for patients who require hyperbaric oxygen therapy, which is a medical treatment that involves breathing pure oxygen in a pressurized environment. This treatment is known to help treat various medical conditions such as carbon monoxide poisoning, decompression sickness, and non-healing wounds, among others.

The O2EMENG Hyperbaric Oxygen Chamber is perfect for hospitals, clinics, and other medical facilities that offer rehabilitation therapies. This hyperbaric oxygen therapy unit is easy to use and provides patients with a comfortable and safe environment during their treatment. The machine CTN size is 127*55*105cm, making it compact enough to fit in most medical facilities.

The O2EMENG Hyperbaric Oxygen Chamber is a must-have for patients who require hyperbaric oxygen therapy. It offers a range of benefits, including increased oxygen delivery to the body's tissues, reduced inflammation, and improved healing. Patients who use this hyperbaric chamber of oxygen can enjoy a faster recovery time and reduced pain and discomfort.

Overall, the O2EMENG Hyperbaric Oxygen Chamber is an excellent investment for any medical facility that offers rehabilitation therapies. It is a top-quality pressurized oxygen chamber that is designed to provide patients with the best possible care during their hyperbaric oxygen therapy sessions. Don't hesitate to invest in the O2EMENG Hyperbaric Oxygen Chamber today!

Advantage:

Efficient and adjustable oxygen concentration: O2EMENG is able to provide an oxygen concentration of at least 90%, which can be adjusted by the user as needed. This flexibility ensures that users can get the right oxygen concentration in different situations to meet individualized health needs.

QUALITY MATERIALS & RELIABLE DESIGN: Made of medical grade TPU material and equipped with imported Japanese YKK zippers to ensure the durability and safety of the product. This design takes into account the importance of long-term stability and user safety, allowing the product to operate reliably in a variety of environments.

INTELLIGENT DUAL SCREEN CONTROL SYSTEM: O2EMENG is equipped with a dual-screen intelligent control system that makes operation more intuitive and convenient. Users can easily monitor and adjust oxygen concentration, working pressure and other parameters through these control interfaces, enhancing the convenience and comfort of the experience.

Large-capacity Oxygen Generator & Portable Design: Designed for single-person use, it is equipped with a 10L oxygen generator to ensure sufficient oxygen supply. Meanwhile, the product is designed with a metal stand to enhance stability and portability so that users can easily carry and use it in different places and situations. In addition, the color of the outer cover can be customized, providing personalized options and further increasing the attractiveness and practicality of the product.

To summarize, O2EMENG provides users with a reliable and comfortable oxygen therapy solution with its efficient oxygen supply capacity, high quality materials and design, intelligent control system, and convenient use experience.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal

condition and extend its lifespan. Our services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

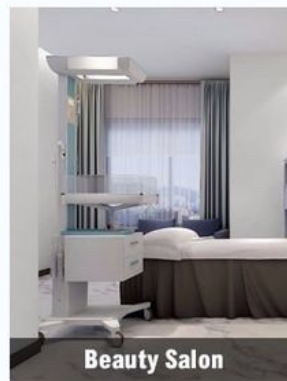

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.

The Use of Hyperbaric Oxygen Chamber

Always prepare at home, say goodbye to sub-health

WHY CHOOSE US

Enterprise core competence

Supply Support

We have passed CE/ISO TUV international product quality system certification, and can provide you with the first technical solution for the oxygen generator.

OEM/ODM Technical Support

We provide OEM/ODM services and professional technical support for any customers who send us samples of the products. We will design and develop better ones based on the samples. For every customer we will choose the best fit material and also innovative material for their products.

Service Team

We have a professional customer service team, 24/7 to service all day. Able to efficiently, quality and professionally solve any customer problems.

Quality Safety

We own professional quality management and process inspection team including incoming inspection, semi-finished products inspection, finished product inspection and pre-delivery inspection. Your satisfaction will be our honor.

Professional Registration Department

We have a special professional registration department, which is in charge of domestic registration and overseas registration. We can help our current or potential customers to do the registration work. We have a good relation with domestic famous institute who can provide us with authoritative medical analysis and authorization report.

ONE Stop Supplier

We are a ONE stop supplier, we provide the accessories, device service and even solutions.

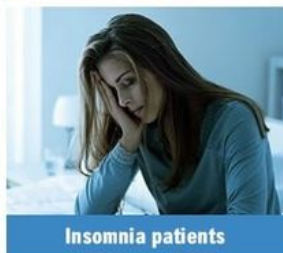

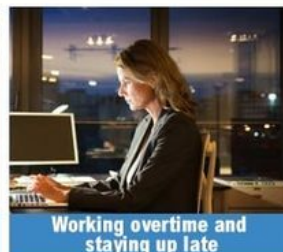

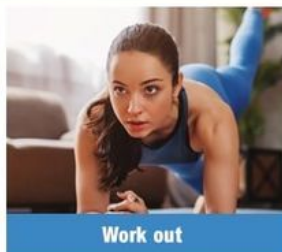

Hyperbaric Oxygen And Anti-aging

Scientists at Tel Aviv University in Israel have targeted the use of a method called "hyperbaric oxygen therapy" to stop the shortening of telomeres and the aggregation of senescent cells as humans age.

Adapt to the crowd

SPORT & RECOVERY

Hyperbaric Oxygen Therapy is more and more favored by famous athletes all over the world, and they are also a necessary for some sports gyms for helping people recovery faster from hard training.

BEAUTY & ANTI-AGING

HBOT has been a growing choice of many top actors, actresses, and models, hyperbaric oxygen therapy may be the proverbial "fountain of youth." HBOT promotes cell repair, age spots, saggy skin, wrinkles, poor collagen structure, and skin cell damage by increasing circulation to the most peripheral areas of the body, which is your skin.

CLINICAL

Your body's tissues need an adequate supply of oxygen to function. When tissue is injured, it requires even more oxygen to survive. Hyperbaric oxygen therapy increases the amount of oxygen your blood can carry. Hyperbaric oxygen therapy for ligament damage, copd, anxiety.

HOME CARE

For some patients who need long-term hyperbaric oxygen therapy and some sub-healthy people, our suggestion is that they buy hyperbaric oxygen chambers for treatment at home.
