Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMY05
- Minimum Order Quantity: 1PC
- Price: \$11000
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Function: Hyperbaric Oxygen Therapy
- Tank Weight: 800KGS
- Properties: Rehabilitation Therapy Supplies
- Tank Size: 220*120*190CM
- Chamber Oxygen Concentration: 28% 32%
- Usage: Medical/Therapeutic
- Rated Power: 1500W
- Highlight: medical hyperbaric oxygen therapy chamber, 1.3ata high pressure oxygen chamber, medical high pressure oxygen chamber

Product Description

Medical Hyperbaric Oxygen Therapy Chamber 1.2-1.3ATA High Pressure Oxygen Chamber

Product Description:

The Hyperbaric Chamber is a portable hyperbaric chamber that weighs 800KGS, making it easy to transport and store. The chamber is equipped with a powerful 1500W motor that delivers superior performance and reliability. With its advanced features and high-quality construction, this Hyperbaric Chamber is the perfect choice for medical and therapeutic applications.

The Hyperbaric Chamber has a tank size of 220*120*190CM, providing ample space for patients to receive their therapy. The chamber is designed to provide a comfortable and relaxing environment for patients while also delivering maximum therapeutic benefits. Whether you are looking to treat a specific medical condition or simply improve your overall health and wellbeing, the Hyperbaric Chamber is the perfect solution.

One of the key benefits of the Hyperbaric Chamber is its versatility. The portable hyperbaric chamber can be used for a wide range of medical and therapeutic applications, including wound healing, sports injuries, chronic fatigue syndrome, autism, and many other conditions. The chamber is also an effective tool for enhancing athletic performance and promoting overall wellness.

Another advantage of the Hyperbaric Chamber is its ease of use. The chamber is designed to be user-friendly, with simple controls and an intuitive interface. This makes it easy for patients to receive their therapy without any hassle or confusion.

Advantage:

The O2EMMENG EMY05 model hyperbaric chamber has several significant differences and advantages over traditional hyperbaric chambers:

- 1. Advanced Technology and Control Systems:** The EMY05 model utilizes the latest in hyperbaric technology with a precise oxygen concentration and pressure control system. Traditional hyperbaric chambers may use more basic controls that do not provide the same precise regulation and monitoring capabilities.
- 2. New Hyperbaric Oxygen Equipment:** Intelligent all-in-one machine, unlike traditional equipment, does not require the operation of three machines, Oxygen Equipment + Aerodynamic Equipment + Air Cooler, realizing easy one-button operation and saving time and effort.
- 3. Comfort and User Experience:** The EMY05 model is designed with a more spacious and comfortable interior space, taking into account the patient's comfort and convenience during treatment.
- 4. Durability and Reliability:** The EMY05 model undergoes rigorous quality control and testing to ensure stable operation over long periods of time without frequent maintenance.
- 5. Technological innovations and safety:** The EMY05 model integrates new technological innovations that enhance safety and therapeutic efficacy. It allows for more precise control of oxygen delivery to support medical treatments more effectively.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians and engineers are available to provide support and assistance whenever you need it.

Our technical support services include:

- 1. Demand customization:** according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.
- 2. Exclusive design:** the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.
- 3. Craftsmanship Manufacturing:** The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.
- 4. Lifetime maintenance:** provide perfect professional after-sales service guarantee

At Hyperbaric Oxygen Chamber, we are committed to providing the highest level of support and service to our customers. Contact us today to learn more about our technical support and services.
