

Portable Soft Inflatable Hyperbaric Oxygen Chamber for Medical at 1.5ATA Pressure

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMS01
- Minimum Order Quantity: 1PC
- Price: \$2350
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

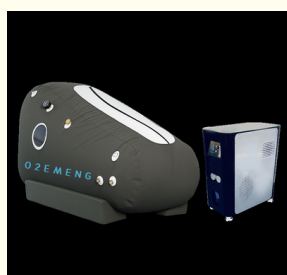

Product Specification

- Model: EMS01
- Function: Hyperbaric Oxygen Therapy
- Machine CTN Size: 52*34*65cm
- Pressure Range: 1.3ATA
- Usage: Medical/Therapeutic
- Oxygen Concentration: ≥90%(can Be Set)
- Pressure Reduction Time: 15mins
- Noise Level: Less Than 63 DB
- Highlight: 1.5ATA Hyperbaric Oxygen Chamber, Portable Hyperbaric Oxygen Chamber, Medical Hyperbaric Oxygen Chamber

Product Description

Product Description:

Hyperbaric oxygen therapy is a type of treatment that involves breathing in pure oxygen in a pressurized environment. This therapy is often used to treat a variety of conditions including decompression sickness, carbon monoxide poisoning, and wound healing.

The EMS01 is designed to provide a pressure range of 1.3ATA, which is the perfect range for hyperbaric oxygen therapy. This chamber is also incredibly lightweight, weighing in at just 52kgs, making it easy to move and transport.

One of the biggest advantages of the EMS01 is its portability. Unlike traditional hyperbaric chambers, which are often large and cumbersome, the EMS01 is compact and easy to move. This makes it perfect for home use or for use in a clinical setting where space is limited.

The EMS01 is incredibly easy to use and comes equipped with all the necessary features to ensure a safe and effective hyperbaric oxygen therapy session. The chamber features a user-friendly control panel that allows you to easily adjust the pressure and time settings to suit your needs.

If you're looking for a portable hyperbaric chamber that is safe, effective, and easy to use, then the EMS01 is the perfect choice. With its lightweight design, pressure range of 1.3ATA, and easy-to-use control panel, this chamber is a must-have for anyone looking to experience the benefits of hyperbaric oxygen therapy.

Applications:

The O2EMENG Hyperbaric Chamber is perfect for those who need to reduce pressure and noise levels. With a pressure reduction time of 15 minutes and a noise level of less than 63 DB, this product will surely deliver the relaxation and healing that you need. The pressure range of the Hyperbaric Chamber is 1.3ATA, which is perfect for those who need to adjust to their desired pressure levels.

One of the main features of the O2EMENG Hyperbaric Chamber is its oxygen concentration level. It has a concentration of at least 90%, which can be set according to your preferences. This feature is perfect for those who need to breathe in pure and fresh oxygen to help them relax and heal their bodies.

The O2EMENG Hyperbaric Chamber is perfect for various occasions and scenarios. It is perfect for those who want to relax and heal their bodies after a long day at work. It is also perfect for those who want to improve their overall health and well-being. This product is perfect for athletes who want to speed up their recovery process after a game or workout. It is also perfect for those who suffer from chronic pain, inflammation, and insomnia.

The EMS01 model is O2EMENG's flagship product, integrating advanced technology designed to provide the best user experience. Its new hyperbaric oxygen equipment is an intelligent all-in-one machine that combines oxygen equipment, aerodynamic system and air cooler, easily operated by one button, saving time and labor. It is widely used in healthcare, home as well as beauty salons.

O2EMENG Hyperbaric Oxygen Chamber adopts advanced technology and design, which can ensure the safety during the treatment process. Meanwhile, hyperbaric oxygen therapy, as a non-invasive physical therapy method, has significant therapeutic effects. Compared with other treatment methods, hyperbaric oxygen therapy may have lower cost and higher cost-effectiveness. O2EMENG hyperbaric oxygen chamber may further reduce the cost of use and improve the economic benefits by optimizing the design and production process. At the same time, this oxygen chamber is suitable for people who are easy to be fatigued, work late at night and overtime, insomnia patients, ambiguous skin care people, and sub-healthy people, etc. It can increase the oxygen in the body, blood oxygen saturation, and the diffusion distance of oxygen in the body.

In conclusion, the O2EMENG Hyperbaric Chamber is a top-of-the-line product that is perfect for those who want to relax, heal, and improve their overall health and well-being. It is a portable hyperbaric chamber that you can bring wherever you go. With its various features and benefits, you can never go wrong with the Hyperbaric Chamber from O2EMENG.

Reasons to choose us:

1. Professionalism and authority:

As a manufacturer or brand of hyperbaric chamber, O2EMENG has rich industry experience and

technology accumulation, and can provide professional and reliable hyperbaric oxygen therapy equipment. Its products may have undergone stringent quality control and certification and comply with relevant industry standards to ensure safety and effectiveness in use.

2. Technological advancement:

O2EMENG hyperbaric chambers may adopt the latest technology and design concepts, such as air pressurization or pure oxygen pressurization technology, as well as advanced air supply and exhaust (oxygen) systems, air conditioning systems and control systems. These technologies can ensure that the human body can safely and effectively inhale a high concentration of oxygen in a high-pressure environment for therapeutic purposes.

3. User feedback and reputation:

When choosing hyperbaric chambers, user feedback and reputation are also important reference factors, and O2EMENG hyperbaric chambers may be widely praised for their good treatment effect and user experience.

Support and Services:

Our Hyperbaric Oxygen Chamber product comes with a comprehensive technical support and service package to ensure smooth operation and maximum performance. Our team of experienced technicians is available to assist with any technical issues and answer any questions you may have about the product.

In addition, we offer a range of services to help you get the most out of your Hyperbaric Oxygen Chamber, including installation, training, and maintenance. Our installation service ensures that your chamber is set up correctly and safely in your chosen location, while our training service provides you and your staff with the knowledge and skills to operate the chamber effectively.

Our services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

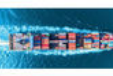

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.
