

Hot Selling Product Comfortable Design 2.0ATA Hard Type All-In-One Economical Therapeutic Hyperbaric Oxygen Chamber

Our Product Introduction

For products please visit us on oxygenconcentratormedical.com

Basic Information

- Place of Origin: SHENZHEN EMENG HEALTH
- Brand Name: O2EMENG
- Certification: CE/FDA/FC/ROHS/UKCA/SGS
- Model Number: EMY01
- Minimum Order Quantity: 1PC
- Price: \$24000
- Packaging Details: wooden packing
- Delivery Time: 15-20 work days
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100PCS

Product Specification

- Cabin Size: 185*88*152CM
- Properties: Rehabilitation Therapy Supplies
- Working Pressure: 1.5-2.0ATA adjustable
- Noise Level: Less Than 63 DB
- Model: EMY01
- Oxygen Concentration: ≥90%(can Be Set)
- Usage: Medical/Therapeutic
- Function: Hyperbaric Oxygen Therapy
- Highlight: therapeutic hyperbaric oxygen chamber, therapeutic oxygen hyperbaric chamber, medical hyperbaric oxygen chamber

Product Description

O2EMENG Hyperbaric Chamber with 185*88*152CM Cabin

Product Description:

Hyperbaric Oxygen Therapy is a widely recognized treatment for a variety of medical conditions and is gaining popularity for its numerous health benefits. The EMY01 Hyperbaric Oxygen Chamber is an effective way to deliver oxygen to the body, which can help to improve circulation, boost the immune system, and promote healing.

The EMY01 Hyperbaric Oxygen Chamber is designed to be easy to use and offers a comfortable, safe environment for patients to receive treatment. The chamber is made from high-quality materials and is built to last, ensuring that patients can receive treatment in a reliable and durable environment.

The EMY01 Hyperbaric Oxygen Chamber is a versatile piece of equipment that can be used for a wide range of applications. It is ideal for use in hospitals, clinics, and other medical facilities, as well as for home use by individuals who want to improve their overall health and well-being.

With its advanced features and exceptional capabilities, the EMY01 Hyperbaric Oxygen Chamber is the perfect choice for anyone looking for a high-quality, reliable oxygen therapy chamber. Whether you are a healthcare professional or an individual looking to improve your health, this hyperbaric chamber of oxygen is the perfect solution for you.

Features:

Product Name: Hyperbaric Oxygen Chamber

Model: EMY01

Function: Hyperbaric Oxygen Therapy

Usage: Medical/Therapeutic

Oxygen concentration: ≥90%(can Be Set)

Cabin Weight: 1000KGS

Keywords: Decompression chamber for oxygen therapy, Hyperbaric oxygen therapy unit, Compression chamber for hyperbaric oxygen therapy

Technical Parameters:

Product Attribute	Technical Parameter
Oxygen concentration	≥90% (can be set)
Function	Hyperbaric Oxygen Therapy
Model	EMY01
Noise Level	Less Than 63 DB
Working Pressure	1.5-2.0ATA (adjustable)
Properties	Rehabilitation Therapy Supplies
Cabin Size	185*88*152CM
Usage	Medical/Therapeutic
Cabin Weight	1000KGS

This product is a hyperbaric chamber of oxygen, also known as a compression chamber for hyperbaric oxygen therapy or a decompression chamber for oxygen therapy. It is used for medical and therapeutic purposes in rehabilitation therapy supplies.

Applications:

The O2EMENG Hyperbaric Oxygen Chamber is a durable and reliable product that is perfect for use in hospitals, clinics, and other medical facilities. It is a safe and effective way to provide hyperbaric oxygen therapy to individuals who need it. This product is designed to be easy to use and is suitable for use by medical professionals.

The O2EMENG Hyperbaric Oxygen Chamber has a cabin weight of 1000KGS and a cabin size of 185*88*152CM. The noise level of this product is less than 63 DB which makes it a quiet machine that can be used in any environment without causing disturbance. This product is ideal for use in a wide range of scenarios including:

Rehabilitation centers
Sports medicine clinics
Wound care centers
Hospitals
Private clinics
Home use

The O2EMENG Hyperbaric Oxygen Chamber is a versatile product that can be used to help treat a range of medical conditions. Hyperbaric oxygen therapy units are used to treat a variety of conditions including:

Diabetic wounds
Carbon monoxide poisoning
Decompression sickness
Gas gangrene
Burns
Necrotizing infections

The O2EMENG Hyperbaric Oxygen Chamber is a reliable and effective product that can help individuals recover faster from certain medical conditions. If you are looking for a high-quality hyperbaric oxygen therapy unit, then the O2EMENG Hyperbaric Oxygen Chamber model number EMY01 is definitely worth considering.

Advantage:

Intelligent Design and Comfort: O2EMENG is equipped with an intelligent chair and USB-A charging port, which enhances user comfort and convenience, so that users can easily enjoy the convenience of technology in high-pressure environments.

High-strength, highly-permeable explosion-proof material door: O2EMENG uses high-strength, highly-permeable explosion-proof material to manufacture the door, which provides excellent sealing, stability, and safety, ensuring stable pressure and fast response in high-pressure chambers, and enhancing the safety and durability of the product.

INTELLIGENT VOICE SYSTEM AND DATA MONITORING: Equipped with AI Intelligent Voice System to provide intelligent operation and control experience. Meanwhile, O2EMENG is also equipped with data monitoring function to monitor the temperature, humidity, pressure and oxygen concentration in the chamber in real time to ensure the stability and safety of the usage environment.

Low noise and high energy efficiency: The O2EMENG operates at a sound level of 43 decibels or more, ensuring a quiet and comfortable indoor environment. The rated power of the product is 1500 watts, which can provide high efficiency and meet the demand of long time use.

These advantages make O2EMENG a high-pressure chamber product that combines advanced technology and safety, suitable for a wide range of applications in medical and scientific research.

Support and Services:

The Hyperbaric Oxygen Chamber product comes with comprehensive technical support and services to ensure that customers have a seamless experience with our product. Our technical support team is available to assist with any queries or issues that may arise during installation, setup, or usage of the product. We also provide regular maintenance and repair services to keep the product in optimal

condition and extend its lifespan. Our services include:

1.Demand customization: according to your use environment and expectations, recommend the optimal core products and life aesthetics composition scheme.

2.Exclusive design: the advanced technology team and the top design team jointly, from the size and color material matching, the actual program customization landing.

3. Craftsmanship Manufacturing: The core components and other materials of hyperbaric chamber series products are manufactured in aerospace material factories.

4. Lifetime maintenance: provide perfect professional after-sales service guarantee

We are committed to providing the highest level of support and services to our customers to ensure their satisfaction with our Hyperbaric Oxygen Chamber product.

HARD TYPE HYPERBARIC OXYGEN CHAMBER

Innovative technology, quality assurance

The diagram illustrates a black, capsule-shaped hyperbaric oxygen chamber with a circular viewing window and the brand name 'O2EMENG' printed on its side. To the right of the chamber is a separate control unit with a digital display and several buttons. Three callout points, each with a blue circular icon, are connected to the chamber by a curved line:

-  The cabin door is made of aviation PC material
-  Multiple safety technologies
One-button pressure relief protection system during power outage
-  AI intelligent voice control system

CONCLUSION

It is more feasible to increase the dissolved oxygen in the blood.
The hyperbaric oxygen chamber can maintain the oxygen partial pressure within a safe and effective range by flexibly adjusting the oxygen concentration or pressure, and gently and effectively improve the oxygen delivery to tissues and organs by increasing dissolved oxygen.

WHY ARE MORE AND MORE PEOPLE CHOOSING HYPERBARIC OXYGEN CHAMBERS?

In some parts of the body, the capillaries are so narrow that blood cells cannot pass through them, bound oxygen cannot reach them, and they can only rely on dissolved oxygen. The oxygen generator has little change in the dissolved oxygen in the blood, which is also the reason why the ordinary oxygen absorption effect in the plateau area is general.
